Team singlet record

It may be helpful as manager to keep a record of who has what singlet within your team**, It is your responsibility** to firstly collect the **team bag** with **uniforms** and training **basketball**(s) from the Clare/Cott volunteers at Perry Lakes at the allocated time then to distribute them and ensure they are **all** returned at the end of the season.

Please note that new /replacement basketball singlets are expensive and players should be encouraged to take good care of them. They must be returned at the end of the season washed and in good condition. In the case of uniforms not being returned, those players will be charged for the cost of a replacement singlet.

If you have any questions regarding uniforms, contact the Uniforms Coordinator (see committee contact list).
