## **TRAFFIC MANAGEMENT / SAFE TRANSPORT POLICY**

This policy aims to provide a basis for the provision of safe movement of vehicular and pedestrian traffic around our oval precinct, the provision for safe access and departure to and from our oval and its facilities and to provide guidelines to allow our organisation to provide responsible and safe transport options from our precinct.

The responsible service and use and/or non use of alcohol by the Camperdown Football Netball Club combined with this policy will hopefully avoid incidents as people travel to or from our Club and its matches, functions and events held both inside and out our Social / Function Centre.

The Club's objectives with respect to Traffic Management are to:

- Ensure the safety of our employees, contractors, patrons, the general public, pedestrians, and our community.
- Maintain satisfactory access to our oval precinct and its facilities.
- Minimise the disruption, and impact, to our neighbours, community and the general amenity of the area.
- Minimise disruptions to the environment in which our Club and its facilities lie.

With this in mind our Club has devised some restrictions on the movement, and parking, of vehicles and pedestrian traffic in and around our oval and its facilities:

- All vehicular and pedestrian traffic will be instructed, and continually encouraged, to utilise the Adeney street entrance to gain access to our oval and Social / Function Centre.
- The entrance to the oval precinct off Campbell Street at the rear of the Social / Function Centre shall only be used as a service entrance for grounds staff, bar, kitchen and catering personnel and the delivery of goods to and from the Social Function Centre, Canteen and Oval Precinct.

CORANGAMITE SHIRE PLANNING SCHEME

This is sheet 2/2 (pg 1-4) of the plans referred to in Permit No. 28/205 granted under the provisions of the Corangamite Planning Scheme.

Signature of Responsible Authority .....  
Date: 27/5/19

- The Campbell street entrance will also be used by service and trade vehicles when providing services and goods to our amenities. This may include tradesman vehicles, garbage collection trucks, delivery vehicles etc.
- On the occasion of Weddings and formal functions the Campbell Street entrance may be used for the arrival of the bridal party or official guests.
- When night time events are being conducted at the Social / Function Centre the Bar Manager shall check at around 5.30pm to ensure that the Campbell Street Gates are in fact closed and locked.
- When deemed necessary the Bar Manager shall erect portable 'No Parking' signs along the neighbouring road reserves prior to the commencement of the particular function.
- All vehicles will be encouraged to park inside the grounds of the oval precinct via the Adeney Street entrance.
- Vehicles that do park on the road reserve will be encouraged to park on the nature strip reserve on the ovals side of the road.
- The gate installed at the southern end of the oval, adjacent to the cricket nets, and the gate located at the northern end of the 'booth' shelter shed shall be closed during night time functions, thus preventing parking on the top eastern fringe of the oval and preventing any disturbance to the amenity of our neighbours through car headlights or vehicle/patron noise.
- These gates will be closed early in the afternoon of an evening when a private function is booked in our Social / Function Centre.
- On home match days an announcement will be made over the public address system within the Social Facility at 7.00pm informing all patrons present that the gates at both sides of the oval will be locked at 7.30pm. (This may be repeated at 7.15pm if deemed necessary).
- Patrons will be informed the gates will remain closed until 9.30am the following morning. This should encourage all those present to make sure their vehicles are parked in the appropriate areas on the Western side of the oval. Thus meaning that any vehicles left parked on the eastern hill around the oval will be remaining in that position until the next day.
- The car park and the paths leading to and from the Social / Function Centre to the car park shall be lit at night to provide safe access for our players, members, patrons and visitors to and from their vehicles and our premises. (These lights will be baffled appropriately to ensure they do not impede on the amenity of our area or have and negative effect on our community or neighbours).
- The dispersal of patrons from our Social / Function Centre to ensure their orderly departure and arrival shall be conducted in accordance with our *Alcohol / Patron Management Policy*.

Along with preventing any impact on our neighbouring amenity the Camperdown Football Netball Club also realises that we have to help insure the safety of our players, patrons and guests. To help aid the safety of our patrons the following measures will apply when our Social Rooms / Function Centre is operating:

- Bar staff shall encourage members and visitors to make alternate safe transport arrangements if they are considered to exceed .05 blood alcohol concentration (or .00 if a probationary driver)
- Telephone calls will be made free of charge to arrange a taxi or other transport.
- Contact telephone numbers for taxi services will be clearly displayed in club rooms.
- In specific cases, where a designated driver approved by the Club has accepted the responsibility to drive others home safely, the Club will provide this person, or persons, non alcoholic drinks and bar snacks free of charge.
- A key register will be implemented behind the bar at the clubrooms for any members or visitors wishing to hand in their vehicle keys.
- When practical, event organisers should endeavour to pre arrange taxis to arrive at the venue at the conclusion of specific functions.

Many of the above points are summarised in the map of the Leura Oval precinct that is attached. Please refer to it for any clarification of Parking / No Parking areas.

All players, officials, members and patrons of our oval and Social / Function Centre will be made familiar with this *Safe Transport / Traffic Management Policy*. All hirers of our Social / Function Centre will be provided with a copy of this policy (and map) when their booking is confirmed and instructed of the importance of adhering to it as failure to do so may jeopardise their bond.
