IMPORTANT NOTICE

As a result of the success of AFL within our region and thus growing numbers within our club, it has become necessary to limit the amount of registered players for each age group (Auskick excluded).

Based on lessons learnt from past seasons, the PSJAFC Management Team believes that it is important for the maximum number of players to receive the maximum amount of playing time based on GSJ (Competition) playing numbers.

As such, we strongly urge all players to register ASAP so that a position within your respective team is secured.

Playing numbers and a Registration cut-off-date for all teams will be advised as soon as they become available.

Note: It is anticipated that a reserve list will be maintained in the event where a vacancy becomes available or a second team playing number is reached
