The sharks club song

Sharky boys have
Knocked you off again
Knocked you off again
Knocked you off again

We've got the 3 points now

You thought you could beat us
You're bloody dreaming high
Cause we are the sharky boys
We won't run and hide

When you see our strikers
Your backs will start to crack
And when you're on attack
Our backs will knock you flat
Cause no where on the field
Do the sharkies lack

Sharky sharky sharky
Bite bite bite
