Development Program

What is the Academy?

The Wizards Academy is the flagship development program for the Northside Wizards. The program is focussed on the individual skill development of junior players who aspire to play representative basketball or just want to improve their skills.

The Northside Wizards Academy will draw from our most experienced senior coaches, QBL players and recognised experts from other areas of Qld to lead the program.

Northside Wizards boys and girls aged 9 – 17 years are eligible to participate in the program, through the various tiers. If you are looking to improve your skills and take your game to the next level then this program is for you. The Academy is a high intensity development program aimed at up-skilling our future Wizards players.
