

TRADER IN PROFILE

Albany Roof Recoating & High Pressure Cleaning

• Tim Pocock of Albany Roof Recoating

Albany Roof Re-Coating and High Pressure Cleaning is a locally owned and operated business dealing with all your roof restoration needs.

They specialise in:

- Recoating and cleaning of tile and iron roofs;
- Re-pointing ridge capping;
- Replacing gutters, fascias and downpipes;
- High pressure cleaning of pavers, concrete floors and walls.

Current owners Tim and Jenelle Pocock have been running the business for the past two years, are Dulux-approved applicators, and hold a Painters Registration.

As an added benefit to the services they provide, Tim and Jenelle also offer a Dulux 10-year

warranty on all their recoated roofs and a five-year guarantee on their workmanship.

The business also uses the best products on the market including paint by Dulux and re-pointing with Elastomax.

If you're thinking NOW is a good time to restore your roof so it's of sound quality, looks great, keeps the weather out and will cost a fraction of the price of replacement, give Albany Roof Re-Coating and High Pressure Cleaning a call.

For a free measure and quote or more details on services available, call Tim on 0407 423 550 or 9841 5514 (a/h), including work in the Mt Barker and Denmark regions.

Redbacks teach up-and-comers

AFTER defeating both the men's and women's Mandurah Magic teams, the Perth Redbacks were up early on Sunday teaching skills to some of Albany's up-and-comers.

About 40 boys and girls showed up at the Albany Leisure and Aquatic Centre to learn how to dribble a ball, run the court and shoot a few baskets with some of the game's best.

Redbacks representative Gary Prior said the workshops were the team's contribution to basketball.

"It's our way of bringing the game into the regions," he said.
