

SUPERHOOPS

School Basketball Program

Presented by the
Geelong Supercats and Basketball Geelong

In conjunction with

Program Overview

Excite program at The Arena

Geelong Supercat Players and Program Coaches conduct a one day “in house” excite program from 10am – 1pm at the Geelong Arena. Programs conducted at the Arena provide children with a unique Supercat experience, where they visit Supercat locker rooms, gym and on the court. We also conduct the excite program at either of our other two venues Leisuretime Centre or Try Boys Sports Stadium. If either of these venues are within walking distance to your school and more suitable we can conduct the program here.

In school visitation program

Senior Geelong Supercat Players and Representative Coaches participate in classroom activities and conduct basketball clinics at your school. This program is usually delivered on a class by class basis, we recommend that each basketball session be between 30 – 45 mins in length. Classroom visits can be in a q&a format, or a discussion topic specific to your curriculum. However, the program can be modified to meet the needs of your individual school.

Supercats School League

Ultimately we want to see your students participating in basketball. We have established an entry level competition suitable for students of all levels. It's easy to be involved, we supply your school with singlets, provide training for teachers and/or parents in basic basketball coaching and scoring. The games are modified to ensure each child can have a go and enjoy the game. Games are conducted after school at the Geelong Arena during the school term.

Who we are

Basketball Geelong and the St Laurence Geelong Supercats have a long and proud history. One of the key objectives of our organisations is to provide the children from the City of Greater Geelong and its surrounding districts with a sporting and social infrastructure that:

- promotes and encourages participation for children of all abilities.
- provides a healthy lifestyle and safe environment.
- creates a recreational atmosphere that is enjoyable.
- encourages participants to develop their social skills.
- creates opportunities for community organizations to collaborate with us and get their message a wide audience

Combined Basketball Geelong and Geelong Supercats have a membership of over 3,500

As you may be aware, we have been offering a school's program for the past 6 years. In 2011 we had 25 primary schools participating in our program with approximately 3,500 children involved. Our aim is to deliver an even better program in 2012, and offer children the opportunity of joining our local domestic basketball club competition and/or one of our after school basketball development programs.

The Supercat programs are open to all primary school and junior high school students and can be tailored to suit the individual needs of a Prep year student right through to a Grade 8 student. **Please note that the excite program and in-school visitation program are delivered at no cost to your school.** However, the cost of transportation to and from the Basketball Stadium will need to be covered by the school.

Supercats School League

General Overview

The Supercats School League (SSL) is a school based basketball competition open to all primary schools in the Greater Geelong region. There are competitions for Prep to Grade 8 students, with all competitions mixed catering for boys and girls.

The Supercats School League Competition is divided into Prep to Grade 2 (Wednesday Nights), Grades 3-4 (Monday Nights) and Grades 5-6 (Thursday Nights). Both competitions are mixed, and though not compulsory we encourage both boys and girls to participate in each team.

The competition is a great way for children to get an introduction to and involvement in basketball while helping foster school spirit.
