## Peter Natoli (U17s Coach)

The Under 17's are having a great season, as we currently sit 2nd on the ladder after 9 wins and 3 losses. The boys are playing great footy at the moment and lets hope we can continue this form into the finals. With four games left to play, we are a good chance to finish on top of the ladder if other results fall our way.

Leitchville are the only team we haven't beaten this season as we went down by 3 points to them early on in the season. We have improved allot since then and if we can play as a team on the day I believe we can beat them. I would like to thank Denis for

giving the thirds players opportunity to play seniors throughout the season, as I believe their skills and development has improved through the training and playing with the seniors. I would like to congratulate Blake Natoli, Jake Fitch, Ben Deacon, Fraser Cole and Tyler McNamara (under 15 squad) for making the 2012 Inter-league squad who played Loddon Valley League, which both 15's and 17's were successful on the day. I would also like to thank the club, parents and volunteers for all your support on game day.

GO MOUNTS

This month AFS provide some tips on maximising deductions for your tax return. Book in an appointment now with Kingy to get your tax done.

### TIPS:

#### Individuals

Individual taxpayers with a taxable income exceeding \$50,000 in 2011-12 will have to pay an additional levy known as the Temporary Flood and Cyclone Reconstruction Levy, unless they fall within an exempt class of individuals. The Government is phasing out the dependent spouse tax offset. For 2011-12, the offset will only be available to those born on or before 1 July 1971.

The Government has introduced legislation to extend the Paid Parental Leave scheme by introducing a two-week "Dad and Partner Pay".

#### Business taxpayers

Debtors at June 30 should be reviewed so that any bad debts can be identified and written-off.

A deduction may be available on the disposal of a depreciating asset if a taxpayer stops using it and expects never to use it again. So your asset registers may need to be reviewed.

Review trading stock for obsolete stock for which a deduction is available. See Kingy for more updates or give him a call.

# 2012 *Celebrating 50 years*

The Heathcote District Netball Association cordially invites you to share in the upcoming 50 years celebrations.

Over the years, the HDNA has had many volunteers dedicate their time at both Association, and club level, to ensure it's ongoing development. It is more than just a game of netball, but more of an opportunity for us to join together as a collective force. We recognise, and appreciate, your contribution to the development of our strong association. The celebrations will be a opportunity to both honour the history and be motivated by the future.
