

Our new website features an interaction with Brisbane Basketball's team draws, results and ladders allowing a better link between BBI and our Club. The new software allows you to receive email reminders of upcoming games, notification of updates to results and an easier method of reviewing and checking upcoming games for teams you're interested in.

To make the best use of these new features, you need to become a member of the community for the Club and the team(s) you are interested in. This is a two stage process to join the Club community and then the team community you want. Please take the following steps:

1. Join myfiba.com. Visit www.myfiba.com, and sign up for a membership by clicking on the link. Once you've done that, you will have a myfiba profile that includes your email address. The profile is similar to myspace and you can tailor it however you want including adding friends, creating blogs etc. If this isn't your scene, you can KIS – Keep It Simple!

2. After you have created your profile, revisit our Club website and join our Club community by clicking on the **mycommunity** tab in the left hand menu then the link to **join this community**.

3. For any teams you are interested in (as a parent, player or coach), click on the Team Draws and Results tab in the top menu, choose your team then follow the same procedure as in 2 above.
4. Once you've done this, our Club and your team(s) will show on your myfiba profile. Fixtures will show in the relevant section of your profile along with results and ladders once the season starts.

Make the most of these new features to stay up to date with all your teams.
