This is the second Grassroots course being run by the Association in 2013. All Clubs are encouraged to get their coaches of mini/junior teams to attain this minimum coaching certificate. It will not only benefit the individual in gaining further football skills but also provide for greater development and enjoyment of the game for our junior footballers.

In addition to the Grassroots course for coaches new to football and in the lower ages, the Association also has scheduled a Youth Football Licence (incorporating Youth Football Certificate I & Youth Football Certificate II – all parts need to be completed to attain the Licence). This course is aimed particularly at coaches of teams in the youth (teen) age ranges. The course is conducted over two full Sundays and two week nights.

### Notes:-

- a) For persons not presently registered with the CDSFA for the 2013 Winter season the cost is \$190.00.
- b) For current CDSFA members the cost of the course will be subsidised by the Association.
  - i. Participants will be required to pay a deposit of \$100.00 to the Association upon registration (registrations may be cancelled if the deposit is not received).
  - ii. Participants that withdraw within 48-hours of the course commencing will forfeit half of the deposit (being \$50.00).
  - iii. Participants that do not show up / complete the course will forfeit the full deposit amount (being \$100.00).
  - iv. Upon receipt of completion of the course from Football NSW, participants will be refunded their deposit.

The Association will shortly announce a 2<sup>nd</sup> Junior Football Licence course to be run within the area. Persons that were wait listed for the first Junior Licence course conducted in April will be given an early bird opportunity to register. However this will not guarantee them a position and they will need to register before the public announcement is made to secure their place.

Persons who do register for courses and do not turn up, especially when course registrations are full, may not be accepted in another course that is "free to participants", i.e. charge absorbed by the Association. Clubs are to remind members that if they register for courses they need to attend. These courses are put on for the benefit of the Association membership utilising largely Association funds. In order to keep delivering courses to the membership they need to be well supported by all.
