

Policy R2013-05.3: Disputes Policy

**Purpose:**

Referees require an opportunity to dispute decisions made by the Technical Official's Committee and Kilsyth Basketball. This policy is designed to set the parameters by which a Kilsyth referee can dispute a decision.

**Persons Responsible:**

Kilsyth Referees  
Technical Official's Committee  
Kilsyth Basketball Staff Members

**Policy:**

Referees must make known before 5.00pm on the next business day after disciplinary action has been taken that they wish to dispute this action under the Disputes Policy. This dispute must be provided to the Director of Referees in writing, either hard copy or email, and contain the reason for the dispute.

Referees will initially have a dispute heard by the DOR and Technical Adviser. The DOR will organise a face to face meeting to give the Kilsyth referee an opportunity to dispute the decision.

The DOR shall provide two (2) reasonable hearing times to the referee to facilitate the hearing of the dispute promptly. If the referee is unable to attend either of the allocated hearing times, the referee will be removed from the referee roster from the latest meeting date until a meeting with the DOR and Technical Adviser has been conducted.

After hearing the referee's dispute, the DOR and Technical Adviser will make a decision as to whether the dispute is to be upheld or whether the disciplinary action is to stand.

Appeals to the decisions of the Dispute Policy will be made to and heard by the General Manager of Kilsyth Basketball and Chairman of the Technical Official's Committee.
