Switching Screens

Makes "Switch" Command

01

When switching, call out the screen by yelling, "Switch!".

Better Vision on the Play

02

Command usually comes from player guarding screener.

Quickly Get To The Ball Side

03

As players switch, player gets in position to defend player coming off screen while other defender quickly gets to ball side of screener.

04

If switching creates mismatch, encourage players to defend screens in other manner.
