

2013 Yearbook

Results and Season Detail

Summary of the Game Results as submitted by all Clubs, and the statistics for 2013

Mid West Football League

Mid West FL Records

This "Yearbook" is produced from the MWFL Records and distributed for information.

Match day results are as submitted by clubs on their results sheets. Where there is a variation on the match day results sheet and the goal umpires cards, the goal umpires cards are taken as the official result.

Player match records are now captured by Sportingpulse-Footyweb operating system. It is critical that players are registered on "footyweb" to ensure that statistics are captured. These statistics will stay with the player throughout a career, simply transferring from club to club if a player moves around.

All League details are available on the League website www.midwestfl.sportingpulse.net and anyone may access this data at any time (match results, games played, goals kicked, times in best etc)

Congratulations to all clubs on the season, our competition with netball forms an important part of country life, establishing friendships within and outside clubs.

I hope that this provides an interesting reflection on the season that was 2013!
