

Dunnstown Football Netball Club

**New LED Electronic Scoreboard
2014 Sponsorship Opportunity!**

**Expose your Business to a
captive audience every
home game + finals.**

Stand out from the crowd!

If you run a business you would know that finding effective ways of advertising your message to new customers is getting harder and more expensive.

There's more television stations than ever before, people aren't reading the local paper like they use to and you can now listen to any radio station around Australia or the world using your phone or the internet.

Dunnstown Football Netball Club has a solution!

We're the very first club in the local Ballarat region to install a new Electronic Scoreboard that will deliver eyes to your message every time a team scores.

Dunnstown Football Netball Club

“Go Towners”

Dunnstown Football Netball Club play in the Central Highlands Football Netball League, the largest competition in the region with 18 different clubs.

We field teams in Junior and Senior Football and Netball.

In the next couple of years we hope to be categorised as a Level One Club, the highest categorisation possible for a Sporting Club. This will be achieved when new lighting is installed at our home ground which will enable us to play night matches.

We are a family orientated club with facilities second to none.

Come and be a part of it!
