- The period of time to be spent off the field for a yellow card misdemeanour shall be 10 minutes of playing time. A Player sent off under the yellow card system may not be replaced.
- The field Umpire shall show the yellow card to the offending Player or Official, point to the interchange area, then show the yellow card to the interchange steward. The interchange steward should acknowledge the Umpire's signal (via reciprocal showing of a yellow card) and is in charge of ensuring that the "send off" period is 10 minutes of playing time. The interchange steward should make notation on the interchange sheet of the Player's number, time of send off, and time of return to ground.
- The Player must remain off the field for 10 minutes' playing time. Off the field means outside of the boundary line. Players sent off must not cross the line back onto the field through the interchange area until advised that their send off period has expired by the interchange steward. A Player who has been sent off is not permitted to enter the field of play during breaks between quarters.

RED CARD

- Any Player or Official reported under the Laws for an offence as listed in Law 20.2 or Law 20.3 will be sent off for the remainder of the match.
- The Umpire will show the offending Player or Official a red card and point them to the interchange area, then show the red card to the interchange steward. The interchange steward should acknowledge the Umpire's signal (via reciprocal showing of red card) and make notation on the interchange sheet of the Player's number, time of send off, and the

beginning of the 10 minutes of playing time that must elapse before the sent off Player can be replaced by another Player.

- A Player or Official sent off under the red card system must not at any time return to the field of play for that match, including at breaks or intervals between quarters.

NOTE:

- A Player or Official that is sent off via a yellow card for 10 minutes of playing time must exit the ground through the interchange area. If they fail to do so they are not permitted to return to the field of play after 10 minutes of elapsed playing time but may be replaced by another Player

Where a sent off Player, or his replacement, goes back on the field before the penalty has expired, and a count of Players is called, which results in a team having the incorrect number of Players on the field, then that team may be penalised by way of a reverse of match result, annulment of score or part thereof, fine or censure, as AFL Cairns shall determine.

 - ii) Identify and obtain written statements from any available witnesses;
 - iii) Obtain such video or other evidence as is available to it;

- iv) Arrange for the complaint to be conciliated.

- (e) Where AFL Cairns is of the opinion that the matter has not been resolved by conciliation, AFL Cairns shall:
 - i) In the case of a complaint against a Player, refer the complaint to the Tribunal to be dealt with as a reportable offence under the Laws of Australian Football; or
 - ii) In the case of a complaint against any other person deal with the complaint under the Rule covering inappropriate behaviour.
- (f) Where a person alleged to have contravened this Rule has previously taken part in a conciliation under this Rule (other than as a person vilified), AFL Cairns may refer the complaint directly to the Tribunal to be dealt with as a reportable offence under the Laws of Australian Football in the case of a Player, or directly to AFL Cairns as a complainant under the Rule covering inappropriate behaviour.
- (g) Any conciliation under this Rule shall be conducted by a suitable independent person determined and appointed by AFL Cairns.
- (h) In the event that a complaint is referred to the Tribunal or AFL Cairns, no evidence shall be given to or accepted by the Tribunal or AFL Cairns relating to anything said or done in any conciliation.
- (i) The General Manager shall make all reasonable efforts to ensure that conciliation of a complaint under this Rule is completed by 5.00pm on the third working day following the day on which the incident is alleged to have occurred.
- (j) Any time limit for the doing of anything referred to in this Rule may be extended by AFL Cairns if in the opinion of AFL Cairns it is appropriate to do so.
- (k) In the event that a complaint under this Rule is found to have been proven by either the Tribunal or AFL Cairns, the Club employing, engaging or otherwise associated with the person at the time of the conduct shall be deemed to be vicariously liable for the conduct of the person and shall pay to the league a penalty to be determined by either Tribunal or AFL Cairns.
- (l) The provisions of this Rule will not apply to a contravention by a person if in the opinion of AFL Cairns the Club took all reasonable steps to prevent persons

employed, engaged or otherwise associated with the Club from engaging in the conduct which contravened this vilification Rule.

Where a matter is resolved by conciliation the only public statement to be made concerning the complaint and its resolution shall be that agreed upon by all of the parties.

PLAYER REGISTRATION POINTS SYSTEM

Revised for 2012 and applicable from 18th September 2011

Purpose

The purpose of the Player Registration Points system in the AFL Cairns Senior Competition is to promote a dynamic, competitive competition providing stability for the Clubs.

Objectives

1. Encourage clubs to develop and promote their junior teams and players.
2. Encourage clubs to recruit new players from outside AFL Cairns.
3. Better manage player payments, improve the financial stability of Clubs and discourage internal league player poaching.

The System

1. Each Player registered to a Club will be assessed according to the point system set out in this Policy.
2. Each Club will be allocated a number of Player Registration Points each season to which their Senior Grade Team must comply with and not exceed for each game, each week in any given AFL Cairns football season.
3. At the time of registration each new player shall complete the AFL Queensland Registration Form, providing accurate information concerning the Players playing history. The following conditions apply;

 - iv) The AFL Cairns Review Board will determine the penalties for deceptive or misleading information supplied.
4. All Player Registration Points assessments will be evaluated by the AFL Cairns Football management team at the time of AFLQ Registration.
5. AFL Cairns will maintain a seasonal Club Player Register of their players denoting individual player points and Club points total. The Club Representative and the AFL Cairns Operations Manager will agree on the values allocated.
6. All internal AFL Cairns transfer Players' point value decreases by two points annually until reaching the base value of one point.

8. Players with eight years continuous service to an AFL Cairns Club as a senior player can transfer as a one point player after their eighth season.

9. When transferring between AFL Cairns Clubs, Under 18 and Under 16 Players can transfer as one point players if they have not played one (1) Senior game or four (4) Reserve grade games. Under 18 or Under 16 Players who have played AFLC Senior or Reserve grade football are treated as AFLC registered players.
10. Players returning to their original AFL Cairns Club after at least one season away return at their rating prior to departure less two points with a minimum of one point.
11. An AFL Cairns player wishing to return to a different AFL Cairns Club from another League is an eight point player, less two points for each entire season spent in the other League after leaving AFL Cairns.
12. A new Player to the AFL Cairns competition can transfer to another AFL Cairns club as a 1 point player if no more than two (2) games (Senior or Reserve Grade) have been played in their inaugural AFL Cairns season. This Rule will only apply if;
 - i) the Conditions of a formal written agreement between the Player and the original Club have not been met. If no formal written agreement exists the player may transfer as a 1 point player.
 - ii) any receipted costs incurred by the original club +\$250 are paid by the second club to the original club.
13. Clubs can formally request details of another AFL Cairns Club's Points Total for a specific game if they believe it to contravene these Rules. This request must be lodged by 11am on the Tues immediately following the game in question.

Appealing AFL Cairns Player Assessment

The process where Clubs or a Player wish to appeal the points allocated to a player by AFL Cairns will follow the subsequent processes;

- i) If a Club believes the points allocated in the assessment process are not correct, fair or reasonable, it then requests in writing a review of the decision by the AFL Cairns Review Panel. This correspondence will contain sound, factual information supporting the Appeal. The Appeal will also include a formal Hearing with evidence to be presented by the Club, the Player in question and any other relevant parties at the discretion of the AFL Cairns Review Panel.
- ii) If a Player believes he has a bona fide and demonstrable case for reassessment based on compassionate or similar grounds, he can request, in writing, a review of his assessment. This correspondence will contain sound, factual information supporting the Appeal. The Appeal will also include a formal Hearing with evidence to be presented by the Club, the Player in question and any other relevant parties at the discretion of the AFL Cairns Review Panel.
- iii) The Review Panel will consist of one Executive Board Member, the AFL Cairns General Manager (or other of similar position) and an AFL Cairns Tribunal Member. The Review Board can not consist of a person involved in the initial assessment.
