TRAINING POLICY **ADVERSE WEATHER OR CONDITIONS**

Preamble

Australian Rules Football and or AFL is an outdoor sport played in differing weather conditions. The weather conditions in Brisbane can be particularly unpredictable and adverse at times.

The Yeronga Junior Football Club have a duty of care to its players to ensure that players train when weather conditions are deemed suitable to avoid any health and safety risk to the child.

Policy

The Yeronga Junior Football Club committee will decide when training should not occur or be suspended due to the prevailing weather conditions.

The Yeronga Junior Football Club will endeavour to provide parents / guardians with as much notice as possible via the Yeronga Juniors Website. It should be noted that advance notice will not always be possible.

Ultimately it is the parent or guardians decision on whether a child trains or not and this supersedes any decision of the committee unless the Yeronga fields have previously been closed or training suspended by the committee, AFLQ or relevant authorities.

Where AFLQ have closed the fields training shall not occur.

Where AFLQ have closed one (1) field the committee shall discuss what training shall take place if any and may modify training times to ensure all teams (where possible) gain access to the remaining field for training.

In the event of torrential rain, hail, hazardous winds, flooding and or lightning the committee shall cancel or call off training.

Given Australian Rules Football is an outdoor sport played under differing conditions rain in isolation other than the afore-mentioned shall not be deemed as a reason to suspend or cancel training however, if the committee believes in its absolute discretion for reasons of health and safety or other they may suspend or cancel training.

In the event of 30+ degree conditions the committee may at their discretion shorten the length of training and or cancel training.

The decision of the Yeronga Junior Australian Football club committee is final.
