The basis of the APPS is as follows:

- 1.2 The APPS will only apply to Senior (A grade) Teams.
- 1.3 “Junior Football” means a competition in which players must be under the age of 18 years on a prescribed date in the calendar year in which that competition is conducted.
- 1.4 “Junior Player” means a player under the age of 18 years who has played a minimum of 25 games from the year in which he turns 13 years of age with the Club of an Affiliated League with which he is seeking registration.
- 1.5 A player who is the child of a Club Life Member can be registered with that same club and they will attract zero (0) points.
- 1.6 A player transferring from one Affiliated League Club to another Affiliated League Club and who is under 19 years of age on the 31st December in the previous calendar year and has played a combined total of more than twenty (20) games at SANFL Under 18, Reserves and/or League Level – attract 2 additional points

Example:

Clubs which finished at the top of the premiership table at the end of the preceding season will be allocated a lower Total Points Rating than those Clubs finishing at the lower end of the premiership table which will be allocated a higher Total Points Rating.

Thus, in a 10 team competition the top four clubs could be allocated 10 points, the next three clubs 12 points and the bottom three clubs 15 points.

SA Community Football League

CYBERSAFETY POLICY

Creating a Cybersmart Environment

Social networking sites like Facebook, MySpace, Twitter and YouTube can be a great way for clubs to provide information, promote their sport, their activities and successes.

As with off-line communities, some social media users can act anti-socially and show disrespect for their online community with little consideration of the social and potentially legal implications. Issues like bullying and harassment, unwanted or inappropriate contact, uploading of inappropriate or offensive content can cause issues for individual club members or the club involved.

In the club environment you may choose to promote **cybersafety** by recommending to you members to

- *Use the privacy settings*
- *Keep your private information private.*
- *Think before you post any content, video, images or text, online. You can put it up, but you can't necessarily take it down. Ask before posting images or stories about others. What you see as harmless fun may be embarrassing and humiliating for them and create a poor club image*
- *Don't project an undesirable self-image of yourself or the club*
- *Choose your online friends wisely. Others' inappropriate views and behaviours can reflect badly on you and the club.*
- *Communicate with others as you would do offline, with courtesy and respect.*
- *If you think someone is being bullied or harassed online, speak out.*
If club members are involved speak with your coach or club official. The club will not tolerate this behaviour

Rationale

The SA Community Football League (SACFL) has an obligation to maintain a safe physical and emotional environment for league officials, staff, registered players, umpires, coaches, club members, parents, spectators and sponsors. This responsibility is increasingly being linked to the use of the Internet and Information & Communication Technologies (ICT), and has seen the emergence of a number of related Cybersafety issues. The Internet and ICT devices/equipment bring great benefits to all users and to the effective operation of the SACFL, individual leagues and clubs.

The SACFL places a high priority on the acceptable use of ICT devices/equipment which will benefit members however; it recognises that the presence in the sporting arena of these technologies can also facilitate anti-social, inappropriate, and even illegal behaviour and activities. The SACFL aims, therefore, to maximise the benefits of these technologies, while at the same time to minimise the dangers and manage the risks.

Policy

The SACFL and its member clubs encourage effective and safe Cybersafety practices which aim to maximise the benefits of the Internet and ICT and allow for the effective operation of the SACFL and member leagues and clubs, whilst minimising and managing any risks.

The SACFL takes seriously its responsibility in providing robust policy and guidelines for its members in relation to what is deemed acceptable and appropriate online behaviours. The League and/or club name, motto, crest, logo and/or uniform must not be used in any way which would result in a negative impact for the league or club and its members.

Members of the SACFL and its clubs have a responsibility to ensure that all online communications are in keeping with the leagues expectations in relation to appropriate and respectful interactions with officials, coaches, umpires, players, parents, spectators and sponsors. Players will not post inappropriate comments about individual SACFL or club members which if said in person during the playing of a game would result in disciplinary action being taken.

Images of Children

In South Australia under the Summary Offences Act 1953 a person must not engage in indecent filming. Images of children and adults should not be used inappropriately or illegally.

Wherever possible, obtain permission from a child's parent/guardian before taking an image of a child that is not their own and ensure that the parent knows the way the image will be used. The privacy of others needs to be respected and clubs should disallow the use of camera phones, videos and cameras inside changing areas, showers and toilets.

Clubs or Associations displaying an image of a child should avoid naming or identifying the child or, wherever possible, avoid using both the first name and surname.

Do not display personal information such as residential address, email address or telephone numbers without gaining consent from the parent/guardian.

Additional information such as hobbies, likes/dislikes, school, etc should not be included as this information can be used as grooming tools by pedophiles or other persons.

It is the responsibility of the organisation to only use appropriate images of a child, relevant to the sport and ensure that the child is suitably clothed in a manner that promotes the sport.

Cyberbullying

"Cyberbullying is a way of delivering covert psychological bullying. It uses information and communication technologies to support deliberate, repeated and hostile behaviour, by an individual or group that is intended to harm others." (Belsey 2007)

Cyberbullying includes, but is not limited to, the following misuses of technology: harassing, teasing, intimidating, racially vilifying or threatening another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, phone messages, digital pictures or images, or Web site postings (including social network sites eg facebook or blogs) and the sending, receiving and/or possession of naked or sexually explicit images of a person. Club members must also be aware that postings from their individual accounts, whether done by themselves or another person will remain the responsibility of the account owner.

All members of the SACFL and individual clubs must be aware that in certain circumstances where a crime has been committed, they may also be subjected to a criminal investigation by Police over which the league and/or club will have no control. This particularly applies to 'sexting' where the image is of a person under the age of 18 years whereby Police will be informed immediately a club becomes aware of the situation.

Procedure

SACFL and/or club officials or members who feel that they have been the victims of such misuses of technology should save and store the offending material on their computer, mobile phone or other device. They should then print a copy of the material and immediately report the incident to the relevant club/league representative.

All reports of cyberbullying and other technology misuses will be investigated fully in accordance with SACFL Regulation 5.0 and may result in a notification to Police where the SACFL, league or club is legally obliged to do so.

If the SACFL and/or individual League's executive receives a complaint about an online issue, the allegations will be forwarded to the relevant League Investigation Officer.

If there is evidence, charges will be laid and the complaint will proceed to the league's Independent Tribunal, exactly the same as if the investigation relates to physical violence or other reportable offences.

Penalties

Any proven charges will automatically lead to a minimum of a two (2) match suspension for a registered player. In deciding the final penalty, consideration will be given to the seriousness of the act, the impact on the victim, the impact on the club/league/ SACFL and the prior good history or otherwise of the player. Players charged with these types of offences for a second or subsequent time and where a suspension has been previously imposed will face deregistration.

Any player presented before the tribunal for the first or subsequent time on a cyberbullying offence must be aware that the penalties available to the tribunal members will cover the complete range including deregistration.

In the case of a non playing club member being proved to have engaged in harassment or bullying, the club employing, engaging or otherwise associated with the person at the time of the conduct shall be deemed to be vicariously liable for the conduct of the person and shall pay to the League a penalty to be determined by the league.

1. INTRODUCTION

1.1 Background

The Deregistration Policy has been developed to provide a risk management framework and policy basis for community football administrators to recognise a duty of care with respect to players/officials who could pose an unacceptable risk to other players/officials.

It is imperative that all Leagues and State Bodies adopt this policy to ensure that a consistent approach is applied to the deregistration of players/officials.

1.2 Definitions

Club means an Australian football club entitled to field a team in a competition conducted by a League.

Deregistration means the withdrawal of a Player's permit to play or an Official's capacity to officiate in any form of Australian football.

League means a league associated with a State Body via an affiliation agreement.

Reportable Offence means any reportable offence identified in the Laws of Australian Football, as amended from time to time.

Official includes but not limited to coaches, assistant coaches, officers, trainers, runners, employees or any person performing any duties (paid or unpaid) for or on behalf of a Club, League or State Body.

Player means a player who participates in any Australian football match administered by a League.

State Body means the governing State and Territory football bodies affiliated to the AFL as follows:

- (a) AFL NSW/ACT
- (b) AFL Queensland
- (c) AFL Northern Territory
- (d) AFL Tasmania
- (e) AFL Victoria
- (f) South Australian National Football League
- (g) West Australian Football Commission

Suspension means a period during which a Player or Official is not allowed to play or officiate in a game of Australian football.

1.3 Application

- (a) The Deregistration Policy applies to all State Bodies and their affiliated Leagues and Clubs.
- (b) Headings and indexes are only included for ease of reference and do not affect interpretation.

1.4 Variation

The AFL may from time to time, and in consultation with State Bodies where necessary, alter the procedures for Deregistration in its absolute discretion.

2. POLICY AIMS

The policy aims to:

- (a) Deregister a Player who is found guilty of a Reportable Offence(s) where such offence or offences cause the tribunal history of such Player to fall beyond an acceptable level for Australian football;
- (b) Deregister an Official who is found guilty of a Reportable Offence(s) (at any level) where such offence or offences are deemed to fall beyond an acceptable level for Australian football;
- (c) Apply the Deregistration of a Player/Official to both roles so that a deregistered Player cannot officiate in any capacity and a deregistered Official cannot participate as a Player;
- (d) Prevent a Player from transferring between Leagues with the view to creating a “clean slate” with the new League. The tribunal history shall follow the Player to allow the new League to make an informed judgement regarding initial registration taking into account past and current tribunal sentences.

3. DEREGISTRATION PROCEDURES

3.1 General

- (a) The full tribunal history of a Player is to be forwarded to the new League from the previous League upon a Player being cleared from one League to another (as per the National Player Transfer Regulations, as amended from time to time). It is noted that **all guilty verdicts** determined by a League (tribunal, investigation, appeal or similar process) shall be forwarded to the new League for their records together with the clearance / transfer details.
- (b) The full tribunal history of a Player (including tribunal record at all previous league/s) shall be considered when determining penalties for offences and also potential Deregistration.
- (c) A League that suspects that an Official may have a tribunal history is to seek information from the Official's previous League/s.
- (d) Club imposed penalties will not be considered on the permanent record for a Player or Official.
- (e) Information regarding suspended sentences will be transferred between Leagues and Leagues would only consider such sentences relevant to possible Deregistration if and when the Suspension from such suspended sentence is served.

3.2 Deregistration Process

3.2.1 Notification

(a) Leagues

- i) State Leagues must advise all and Clubs of the details of the policy and make the policy readily available to their Clubs, Players and Officials.
- ii) Once a Player/Official has accumulated a Suspension history of ten (10) weeks or more, the League must advise the Player/Official and their Club in writing that the Player/Official faces the risk of automatic Deregistration should the Player/Official incur further Suspension(s) that results in him/her reaching or exceeding the sixteen (16) week total Suspension history.
- iii) Notification of Deregistration shall be made in writing to the Player/Official and their Club.
- iv) Leagues shall be notified in writing of all decisions to deregister a Player/Official, by the Player's/Official's Club. A central database of all deregistered players/officials will be kept by all Leagues.

- v) Should a Player/Official's tribunal history already have reached or exceed a combined total of sixteen (16) weeks Suspension at the time of implementing this policy, the League is to formally advise the Player/Official and the Player's/Official's club that the Player/Official faces automatic Deregistration should the Player/Official incur another Suspension.

(b) Clubs

- i) Clubs must advise all of their Players/Officials in relation to this policy.
- ii) Clubs must at all times strive to ensure their Players and Officials do not get themselves into a position of potentially being deregistered. Anger management training is seen as a critical component of this prevention for Clubs to arrange.

3.2.2 Criteria for Deregistration

(a) Players

- i) Players shall be automatically deregistered and not allowed further registration with the same or another League if the Player has **accumulated a combined total of sixteen (16) weeks Suspension (or greater)** in a football career (including AFL career, subject to section 3.2.2(a)(iii) below).
- ii) For the avoidance of doubt, any Suspension period served by a Player in any junior Australian football competition, will count for the purposes of this Deregistration policy.
- iii) Any Suspension period served by a Player during his AFL career shall carry over, however such Suspension period shall be halved for the purposes of this Deregistration policy. For example, if a Player receives a total of six (6) weeks Suspension whilst playing in the AFL, only three (3) weeks shall carry over for the purposes of this Deregistration policy.

First Offence

- iv) Should a player receive sixteen (16) weeks or more Suspension as a "first offence" it shall be at the Leagues discretion as to whether or not that Player will be deregistered, following his/her Suspension.

(b) Officials

Officials shall be deregistered and not allowed to officiate in any form in the same or another League if they have accumulated a combined total of sixteen (16) weeks Suspension (or greater) throughout their whole Australian football career.

(c) Players / Officials

A combined total of sixteen (16) weeks or greater as a Player and / or Official shall result in automatic Deregistration.

3.3 Deregistered Players/Officials Seeking Re-registration

- (a) A Player/Official shall not be eligible for re-registration unless the Player or Official gains an exemption to reregister from the relevant State Body. Such exemption shall only be granted under exceptional circumstances (i.e. where the relevant State Body is satisfied that the Player/Official is genuinely rehabilitated and unlikely to re offend).
- (b) A deregistered Player cannot officiate in or at any Australian football match unless an exemption is given by the relevant State Body.

(c) A deregistered Official cannot participate as a Player or officiate in or at any Australian football match.

(d) A deregistered Player/Official who is successful in gaining an exemption to play/officiate and subsequently re-offends will automatically be deregistered with no further right to apply for an exemption or to appeal.

3.4 Appeals

After a Player/Official has been deregistered in accordance with section 3.2 above, that Player/Official may appeal to their State body in accordance with the rules set out in section 3.5 below.

3.5 Appeals to State Body

- (a) A deregistered Player/Official can appeal a decision of their State Body in accordance with their State Body's rules, regulations, by-laws and/or guidelines regulating tribunal and appeals procedures, as amended from time to time.
- (b) It is the obligation of the Player/Official to present their case with all necessary witnesses and relevant documents to the State Body and show cause why he/she should be reregistered.
- (c) A Player/Official may only submit one (1) appeal in any one Australian football season.
- (d) Such appeal shall be heard within a period determined by the State Body.
- (e) Notwithstanding any provision within a State Body's rules, regulations, by-laws and/or guidelines, the State Body reserves the right, in its absolute discretion, to impose any time limits relating to appeals as it deems appropriate.
- (f) The decision of the State Body shall be final and binding on all parties.

SA Community Football League Inc.

Concussion Policy

Overview

This policy is designed to use world's best practice to ensure optimum player safety regarding the management and prevention of head injuries.

Purpose

It is specifically tailored to VOLUNTEER based teams without specialised medical staff.

Its intention is to provide a streamlined process to HELP clubs provide a SAFE playing environment and take the PRESSURE off non-medical personnel to make decisions regarding safety to play.

Process

- A. Any player suspected of having suffered a head injury/concussion or is knocked unconscious shall:
 - i. Be assessed by ANY member of the team's personnel using the Pocket SCAT 2 assessment tool, preferably within 10 minutes of the incident
 - Use of the Pocket SCAT2 requires NO medical training
- B. Any player who FAILS the SCAT2 assessment should:
 - i. NOT be returned to the field of play.
 - ii. Have their names notified to the central umpires, who will record the player's name in the match report, which is then submitted to the League
- C. A player whose name is submitted to the League as having FAILED the SCAT 2:
 - i. Will NOT be permitted to play until the league receives a MEDICAL CERTIFICATE clearing him to play.
- D. A player who suffers a Concussion should on the day of the game:
 - i. NOT consume alcohol and keep well hydrated
 - ii. NOT drive a motor vehicle
 - iii. NOT be left alone, and be woken every 2-3 hours during the night to ensure they are well.
 - iv. Seek IMMEDIATE medical attention if they:
 - Are unconscious for more than 5 minutes
 - Develop visual disturbance
 - Are confused
 - Develop nausea/vomiting
 - Have a headache not responding to Paracetamol or Ibuprofen

Pocket SCAT2

Concussion should be suspected in the presence of **any one or more** of the following: symptoms (such as headache), or physical signs (such as unsteadiness), or impaired brain function (e.g. confusion) or abnormal behaviour.

1. Symptoms

Presence of any of the following signs & symptoms may suggest a concussion.

<ul style="list-style-type: none">▪ Loss of consciousness▪ Seizure or convulsion▪ Amnesia▪ Headache▪ "Pressure in head"▪ Neck Pain▪ Nausea or vomiting▪ Dizziness▪ Blurred vision▪ Balance problems▪ Sensitivity to light▪ Sensitivity to noise	<ul style="list-style-type: none">▪ Feeling slowed down▪ Feeling like "in a fog"▪ "Don't feel right"▪ Difficulty concentrating▪ Difficulty remembering▪ Fatigue or low energy▪ Confusion▪ Drowsiness▪ More emotional▪ Irritability▪ Sadness▪ Nervous or anxious
--	--

2. Memory function

Failure to answer all questions correctly may suggest a concussion.

"At what venue are we at today?"
"Which half is it now?"
"Who scored last in this game?"
"What team did you play last week's game?"
"Did your team win the last game?"

3. Balance testing

Instructions for tandem stance

"Now stand heel-to-toe with your **non-dominant foot** in back. Your weight should be evenly distributed across both feet. You should try to maintain stability for 20 seconds with your hands on your hips and your eyes closed. I will be counting the number of times you move out of this position. If you stumble out of this position, open your eyes and return to the start position and continue balancing. I will start timing when you are set and have closed your eyes."

Observe the athlete for 20 seconds. If they make more than 5 errors (such as lift their hands off their hips; open their eyes; lift their forefoot or heel; step, stumble, or fall; or remain out of the start position for more than 5 seconds) then this may suggest a concussion.

Any athlete with a suspected concussion should be IMMEDIATELY REMOVED FROM PLAY, urgently assessed medically, should not be left alone and should not drive a motor vehicle.
