

**HensonLloyd**  
chartered accountants

**Thank you for the opportunity to introduce myself and for allowing me to support the Calder Cannons Football Club which holds great experiences and memories for me along with many long-standing friendships.**

**My name is Fortunato (Fort) Caruso and I played for Calder Cannons in 2005 and 2006 as well as undertaking the Calder Cannons development programs from under 14's onwards. With the help and support of everyone at Calder Cannons I was able to win the Morrish Medal for both the 2005 and 2006 years.**

**I now have the opportunity, as part of a newly formed accounting firm in Melbourne - Henson Lloyd Chartered Accountants, to give back to the Calder Cannons' Club Players and Officials, Sponsors and wider community. I am able and willing to provide great quality accounting and tax advice for small to large businesses at a great fee, with a portion of the accounting fee going back to the Calder Cannons Football Club as a sponsorship deal to help develop and improve the young talent, by having the best available resources.**

**The main services we provide are business services, year-end financial statements and tax returns for businesses and self-managed super funds.**

**I would love to have the opportunity to personally introduce myself and to chat about your personal and business tax requirements or to provide an obligation free quote.**

**Fort Caruso**
