

FIBA Court Markings & Playing Rules for VJBL, Big V & Domestic Competitions in 2015

Document Date: 15th. October 2014

Endorsed by:

BACKGROUND:

Basketball Australia traditionally has released various recommendations regarding the implementation of the FIBA Rules for the coming seasons. FIBA have recently released the new 2014 Rules which Basketball Australia has recommended be introduced in their entirety as at the 1st. January 2015. (unless a competition commences after 1st. October 2014 and continues into 2015).

The below references to the 2015 New Rules and the previous “new court markings” and their associated rule changes are expected to be implemented in their entirety by January 2015 (Basketball Australia time line document)

To hopefully alleviate the possible confusion regarding the implementation of the FIBA Rules and the specific playing rules for 2015, the Basketball Victoria Technical Officials Commission has attempted to tie together the information to ensure parity and consistency of the rules.

IMPLEMENTATION of FIBA RULES, COURT MARKINGS and TECHNICAL EQUIPMENT:

Basketball Victoria's Implementation Plan (taking into consideration the BA National Implementation Plan)

1. *The FIBA court markings shall be applied for all courts in 2015.
However, the existing 3-point line (6.25m) may also be marked for domestic and junior (U/12, U/14) games.
(3 point lines should be marked in different colours – the 6.25m line in white and 6.75m in either red, green, blue, yellow or black)
Note: Should the 6.25m 3 point line be marked in a colour other than white then the 6.75m line needs to be in an alternate colour from those listed above.*

Art. 2.4.3 – The Key

The restricted area (“The Key”) is to be a rectangle 5.8m by 3.6m.

Art. 2.4.4 – 3 Point Line

The three-point line shall have an arc of radius 6.75m.

However, the old 3-point line (6.25m) may also be marked for domestic and junior (U/12, U/14) games.

(3 point lines should be marked in different colours – the 6.25m line in white and 6.75m in either red, green, blue, yellow or black)

Note: Should the 6.25m 3 point line be marked in a colour other than white then the 6.75m line needs to be in an alternate colour from those listed above.)

If an Association – within their By-Laws wishes to use the previous 6.25m arc both lines shall be in place. The related rules and interpretations remain unchanged.

Implementation:

The (new) 3-point line (6.75m) shall be the only line used for All VJBL - Under 16, Under 18 and Under 20 Games.

The (old) 3-point line (6.25m) shall be the only line used for VJBL Under 12 and Under 14 games.

The new 3-point line (6.75m) shall be the only line used for the 2015 Big V season.

Domestic Competitions shall choose which 3 Point Line they shall use for their competitions (and note this in their By-Laws). Determination on what line is used will be dependent on the available of court markings, and the requirements for different age levels.

Art. 2.4.7 – No Charge Semi-Circle and Art. 33.10

Diagram 1

No-charge semi-circles, each with a radius of 1.25 metres, will be drawn on the court from centre point immediately below each basket. Each semi-circle will have a radius of 1.25m. Art 33.10 describes the rule related to these areas.

The purpose of the no-charge semi-circle rule is not to reward a defensive player who has taken a position under his own basket in order to draw a charging foul against an offensive player who is in control of the ball and is penetrating towards the basket.

For the no-charge semi-circle rule to be applied:

- (a) The defensive player shall have one foot or both feet in contact with the semi-circle area (see Diagram 1). The **semi-circle line is part** of the semi-circle area.
- (b) The offensive player shall drive to the basket across the semi-circle line and attempt a shot for a field goal or a pass **while airborne**.

The no-charge semi-circle **rule is not** to be applied and any contact shall be judged according to normal regulations, e.g. cylinder principle, charge/block principle:

- (a) For all play situations occurring outside the no-charge semi-circle area, also developing from the area between the semi-circle area and the end line.
- (b) For all rebounding play situations when, after a shot for a field goal, the ball rebounds and a contact situation occurs.
- (c) For any illegal use of the hands, arms, legs or body by either offensive or defensive

Implementation:

***Implemented throughout all VJBL competitions in 2015.
(If there are no markings the previous rule interpretations shall apply).***

Implemented throughout all divisions of Big V for 2015. (If there are no markings the previous rule interpretations shall apply).

Implemented throughout all domestic competitions for 2015. (If there are no markings the previous rule interpretations shall apply).

(Previous Rule Interpretation:

When an offensive player drives into the key from in front of the backboard and causes normal basketball contact against a defender who is under or beyond the basket an offensive foul shall not be called, provided

- a) The offensive player is in control of the ball while airborne and attempts a shot or passes;*
- b) The defensive player has established a legal position (before the offensive has become airborne) under or beyond the basket area;*
- c) The offensive player does not illegally use hands, arms, legs or body.)*

Comment: It should not be a major focus in domestic and/or grassroots programs, where consideration should always be given to the severity of the contact, how/when/why it occurred etc.)

CONCLUSION:

It is important to understand Basketball Australia have agreed to implement all the FIBA rules as written.

The Technical Officials Committee, Basketball Victoria, the VJBL and the Big V Competitions have provided these rules to ensure clarity of the rules for all competitions in Victoria.

All the above rules and explanations are recommended for consideration for the listed basketball competitions along with local domestic basketball competitions.

Like all the Official FIBA rules, Basketball Associations and Competitions have the ability to implement the new rules in their entirety, in part and / or modified for their own competitions. The structure of the competition will usually determine what new rules are implemented. It is imperative that;

If you elect not to use all of the Official FIBA Rules, the VBRA and BV strongly recommend that you identify the rules that are not used or are modified and include them in your Local Association or Competition By-Laws.
