Pioneers made short work of Saints to notch up their sixth victory in a row this season.

Tigers produced a 17 goal first half with an amazing display of football skills.

Pioneers have shown that they do not like pressure football. Saints improved from last weeks performance, the final score had no bearing on the game. Clarke's performance in kicking seven goals was a fitting record for an intelligent display of forward work.

Saints were quick to shift Gregory from centre half forward onto Kealy who in the early stages of the game looked too strong for Griffith. If Saints are to go on and win more games they must try and kick more goals as this is where they failed badly. They do not have key forwards with the knowledge of how to kick goals. It is going to be interesting to see how far Pioneers can go before they lower their colours to one of the other teams.

Tigers won because they had a dominant ruckman in Russell, following division of Grogan and Berryman, more frequent use of the handpass and were prepared to work harder for the ball.

Central's gold trio in Malpass, Gerloff and Tuck were all sadly out of touch. Allan Edwards playing his 50th game for Tigers was a clear winner on his wing. No one played better in defence for Tigers than Mark Kenny in a back pocket and Dave Otley at fullback.

Barber would have been obviously happy with the big win but his players were rarely put under any pressure throughout the game. No-one for Centrals tried harder than Arnason, Collins and Fowles.

Today's games see Saints and Tigers clash in what will be Saints big effort to save some of their pride as a Club.

Centrals look too weak for Pioneers in the second game and should be a one sided event.

Centrals will be looking for a good game from Lindsay Cotton who today celebrates his 100th game in Newman League.
