

2015 HIGHLIGHTS

PALAU NOC COMMITMENT & RESPONSIBILITIES

The NOC General Assembly again reviewed the charter to reconfirm the Terms of Reference of Athletes Commission and finalized the languages in the NOC Charter as per the IOC Charter for the Palau Athlete's Commission membership in the Executive Board of the NOC and members in the general assembly with the right to vote.

A Retreat of the NOC membership was held in early 2015 to review and revisit the Strategy Plan of the NOC and National Federations. The Strategy Plan and Retreat workshop provided an opportunity for the membership to look at the plan and provided improvement and achievable goals up to 2017.

Education Delivery through MISO and OSEP

The Master Educator for Palau is Mr. Joe Chilton and Ms. Jubilee Kuartei.

The Palau Education Commission is working with the PISEP Providers and has presented the 2015 programs to the NOC during the 2014 General Assembly which will be implemented in 2015 with OSEP support and guidance.

On the 28th of March 2015, the North Pacific Region OSEP team, consisting of Daniel Ramngen from the FSM, Kevin Harkey from Marshall Islands and Corrine Hideos from Palau along with the Zone Coordinator, Jubilee Kuartei and OSEP regional Coordinator Sainimili Talatoka came together for their first staff orientation here in the beautiful country of Palau. The outlined topics for the day were: Understanding Sport Education Framework in Oceania, the Sport Education System, OSEP Career pathways, OSEP Quality Management System, Job Description and Key performance indicators.

The objective was to help each sport education officers to understand their duties and responsibilities and what are expected of them to do when they go back to their respective countries.

Sports & Media: Reporter's Academy

On March 9th-15th 2015 the Reporter's Academy in collaboration with Palau NOC held a sports media journalism training to the youth of Palau. Six young people from Palau Community College worked for a week alongside media expert, Katy Atkinson from the Reporters' Academy based in UK, who trained them in sport reporting skills. The goal was to raise the aspiration and employability skills to

10 young people through a unique media production programme, whilst increasing the capacity

of Palau NOC. These young people have gained valuable new media and journalism skills, which they put into practice interviewing sports people including the President of the Republic and populating PNOC's website with media content. As a result of the training they can now independently produce film updates for local media, populate web platforms, update blogs, and take photos confidently.
