PRESIDENT'S MESSAGE

Netball Wellington Centre has been 'doing' grass roots netball very well for many years not only organising and running the many Netball Wellington competitions, tournaments and representative teams and fixtures but also providing resources and support to our primary schools and colleges, clubs and satellites and umpires, managers and bench officials. It is also a testament to the many coaches, families, schools, and clubs that we are seeing more of our talented young players, umpires, and bench officials being named in national tournament teams and/or selected for NZ representative honours.

This year was special not only because of specific netball milestones for Wellington but that it was Netball World Cup year. In August many Netball Wellington Centre members made the journey to Sydney to support the Silver Ferns in the Netball World Cup. Unfortunately we didn't win, but what more than made up for it was being immersed in, and surrounded by magnificent netball games and passionate netball fans.

2015 saw the last time the NNZ National Championships being played and it was a very fitting end for Wellington to go through undefeated, win the final and bring 3 cups to Wellington. Congratulations to Ameliaranne Wells & Elias Shadrock (PIC), Whitney Souness, Claire Kersten (WENC) and Karin Burger (SMOG) named in the tournament team and Ameliaranne Wells on her selection to the Silver Ferns to play in the Constellation Cup.

It was great to finally see a Men's netball league start in July this year. Six teams were registered for what turned out to be a very successful season and was great watching for the many spectators and supporters of these teams.

I would once again like to thank all those that have contributed to the success of the Centre over the 2015 year. We are extremely privileged here at Netball Wellington to have some very skilled and capable people working in and around the Centre whether it is as paid staff members or as volunteers. Your ongoing commitment to the organisation is invaluable and we truly appreciate all you do. I would like to particularly thank Sue, Maria, Peter, John and Jo for their dedication and long hours to ensure the business that is NWC ran seamlessly throughout the year.

This is my last year as President and I am sad to be stepping down but know you are in excellent hands with an extremely competent and capable Board who will continue to build and strengthen Netball Wellington Centre and netball in Wellington alongside administration staff who are second to none.

My thanks to the Board – over the years it has been my privilege, to work alongside many skilled and talented people who are so passionate about netball. Finally I would like to sincerely thank Frances Russell, the outgoing Board Chair for the last three years. Your attention to detail and business acumen has ensured NWC is in a position of strength and the future of netball in Wellington is assured.

I wish all Netball Wellington Centre members a very Merry Christmas and a prosperous New Year.

Fatulatetele Tolo
President Netball Wellington Centre
December 2015

CHAIR'S MESSAGE

Netball Wellington Centre is one of the largest netball centres in New Zealand. It has been the prime task of the Board since the implementation of the revised NNZ structure to ensure our stakeholders receive the best possible service.

The Board is a talented team who bring to netball the skills required to govern an ever changing dynamic sporting code. We are all proud of the achievements of our players and those who support the game - clubs, coaches, umpires and bench officials. This is where the rubber meets the road and where nothing is able to be hidden.

During the year the Centre was reviewed by Sport NZ using their Organisational Development Tool (ODT) and, I am very proud to say we (and I quote) *'comprehensively provided evidence that the systems and processes in place indicate an organisation that is sustainable'* and *'the health of the organisation suggests that the processes, governance and management are effective for the organisation to achieve key measures'*. The ODT report goes on to say *"this represents a marked improvement on recent years based on key measurable data (participation and financial data), brought about by robust governance, a sound financial platform, sound management, informed and motivated staff and volunteers'*. This turnaround is something that all involved with the Centre are incredibly proud of.

As the Board Chair I want to touch on the role of the Board. Most importantly we have the responsibility to deliver successful and sustainable netball to Wellington. To ensure this happens we must run a quality 'business' that is effective, efficient and financially viable. We have clear boundaries between governance and management with the operations of the Centre being the responsibility of the General Manager and her team. The direction and operation of the Centre is continually guided, reviewed and monitored by the Board. Each Board member is well versed in at least one area of our work which we identify as a 'portfolio'. This system allows for the continual development of knowledge depth and as a consequence gives an enhanced outcome for netball. As stakeholders you can feel confident that everything undertaken at the Centre is constantly monitored by the Board. It is also important you know who your Board members are and you feel you are able to make contact with them if you have an issue pertaining to governance. They will bring any concerns, both positive and negative, back to the table for a full Board discussion.

The year under review has been another success both on and off the court. On other pages of this report we highlight our successes so there is no need for me to cover this here, but I will touch on the 'off court' reporting. Our financial situation is very sound and it demonstrates what can be achieved when everyone understands the business. The Centre made a surplus this year of \$59k, bringing our cash reserves to just over \$300k. However, as we rely on grants for a large portion of our income, I have been adamant during my term as Chair that we accumulate sufficient reserves to maintain our operation for at least six months which would allow time to implement the changes necessary to continue operating. Grants, especially from gaming societies, are fickle and are often at the whim of the politicians. We are now very fortunate to have reached our reserves target and, with prudent ongoing management, this achievement will ensure the sustainability of the Centre.

Our President, Fatu Tolo, and current Board members Mitch Jordan, Nicki Zande, Belinda Wotton, Jo Millett, Karen Harvey, and latterly Karen Fifield, have freely and diligently given their professional expertise and experience. This in turn has resulted in sound decision making and

allowed the game to thrive in our City giving all those actively involved to achieve their aspirations. I wish to personally thank the Board members for being loyal and exceptional colleagues.

Netball in Wellington has many to thank and here I wish to recognise the continual work of our Life Members, Service Award Holders and those who volunteer their services and support for Netball Wellington Centre and the great game of netball.

I will be stepping down at the AGM as I feel it is time for a new face at the helm. I leave the Centre in the hands of a great team, both around the Board table and on staff. And it is here I want to say a heartfelt thank you to Sue Geale for an outstanding contribution to the game at all levels, and also her ability to see the big picture as well as getting on with the small stuff.

I wish to thank you all for the privilege of allowing me to lead Netball Wellington Centre for the last three years.

Frances Russell
Chairperson Netball Wellington Centre
December 2015

OBITUARIES

In August this year we sadly said farewell to one of our past Board members Trevor Coad, after a short illness. Trevor supported the Board well on the financial side of the business for two years with his sound accounting knowledge and business acumen. He stood aside at the 2014 AGM when he became unwell. We thank Trevor for his time and commitment to the Centre and know that he will have left a big hole in the hearts of those that he has left behind.

NETBALL OPERATIONS

What an exciting year 2015 has been for us here at the Centre. After a year of consolidating operationally in 2014 we knew that 2015 was going to be all about building and creating successes on and off the court. We had the foundations in place so we were well prepared to take this challenge on for all things netball, and start building the walls up around us.

The Centre office has remained located at ASB Sport Centre as this is where a large number of the services we provide are held such as running competitions, academies and development programmes. We made small changes to the office space so we could fit in one more staff member. It is a credit to all staff in how they have handled the tight surrounds and made this work positively to support the growth in our services.

One of the services that the Centre has built on is supporting the roll out of the ANZ futureFERNs Year 1&2 and Year 3 programme in our Motu Kairangi and Northern Suburbs Netball, and Wellington West Satellites in 2016. This year 666 young girls and boys attended this programme, along with a good number of parents and whanau as Star Helpers, Coaches and Junior Coordinators. To see these young players and budding coaches learning and enjoying the game of netball has been a joy to observe. Big thanks to Maria from our office, Stacey - Netball Central Zone, Shelley Banks - Motu Kairangi and Ann Hay - Northern Suburbs for being instrumental in getting these programmes up and running.

Thanks to Peter and John in reaching another first for the Centre with the introduction of a men's competition. We had six teams enter and held this competition six weeks prior to Men's Nationals. This provided our Wellington based teams with some healthy competition and assisted their preparation placing them in a good position to put their best foot forward at Nationals. We want to build on this in 2016 by attracting more team involvement and also look at running a junior men's competition concurrently.

Some of the men's teams also helped our National Championship team prepare for the Netball NZ National Champs hosted by the Centre at ASB in September. This campaign was very well planned by coaches Dion and Pelesa and we won the tournament for the first time in 19 years, also collecting cups as the best defensive and attacking team. This topped off what had already been a successful year in regards to our representative team, with our Under 15 and Under 17 Black teams also winning their National tournaments and our Under 19s coming 4th place. We know that this is the start of many more successes to come for the Centre in these age groups.

Once again our Secondary School teams and players did us proud this year. Five players made the New Zealand Secondary School Team - Marcelle Parkes, Mila Reuelu-Buchanan, Colleen Faleafaga, Tiana Metuarau and Tori Watt (later withdrew due to injury). This is another first for the Centre boasting two or more girls in the team in one year. To top this off St Mary's College, Wellington East Girls' College and Wellington Girls' College put their best foot forward at the NZ Secondary School Tournament in Ashburton, where Wellington East Girls' College came 3rd place. There was a good show of our Wellington based girls named in the Tournament Team.

Success goes further than our players. We have had a great year with our umpires with Ann Hay once again being awarded Umpire of the Year due to the many successes she achieved over the year. Joining her this year as an NZA umpire is Paul Smith and as we all know success doesn't just happen - it takes a lot of hard work, dedication and commitment. We also celebrated another 100% theory pass this year with Denise Sheehan topping the honours. Two in the past two years, can we make it three in three years?

This year we advocated to keep our top six Premier one teams in our Winter Competition rather than seeing them heading off to Regional Super League six weeks in. We felt that we were losing a lot of heart from the Centre when these teams left half way through the season and that we needed to bring the heart back. We wanted our younger players to be able to see these teams in action and aspire to be just like them. This was unanimously supported by other Centres and our clubs, and we were well rewarded with an amazing Premier one final where PIC and SMOG fought to the bitter end with PIC taking out the title with a win in over time.

We want to thank the Board, Life Members, Service Award Holders, Coaches, Managers, Officials, School Sports Coordinators, Club Committees and the many volunteers who have assisted throughout the season in some way towards the game of netball here at the Centre. We know that the work entailed to run the club and school teams is enormous and you all give your time generously to ensure that players have a team and that players are in uniforms ready to take the court. A tremendous amount of work but a small few at times and we thank you for this work and keeping the game of netball a sport of choice for many.

This year we had it endorsed to us just how high the caliber of volunteers is in and around our Centre. When running the National Champs event we welcomed Year 7 players, Under 15 representative players and Kiwi Whistlers, people just passionate about the game of netball, umpires, and parents of players in our Centre and Hutt Valley, Service Award holders and also our Life Member Dale Wortman helping us out. These people, like all our volunteers, help us to be the Centre of Choice and celebrate the success that it is. Your loyalty and time that you give to Netball Wellington Centre is greatly appreciated.

I would also like to thank my team of dedicated and passionate workers. Maria, Peter, John and Jo have continued on with the same passion and commitment from when they first started with the Centre. They are open to new initiatives and are continually looking at what else we can do to grow all things netball. We also have a number of casual workers that assisted in the running of the programmes and competitions successfully over 2015. Thank you in particular to our long standing casual staff members - Ray Hogan, Amelia Wheeler, Crystal Lawrence, Henry Tutaka and Bubs Reweti for their steadfast support to the Centre.

Sue Geale
General Manager – Netball Wellington Centre

FACILITY

Hataitai Park

The ASB Sports Centre houses a majority of game play and development for the Centre, and our long term plans are to maintain this arrangement. Hataitai continues to be used and is the home of our winter competition lower collegiate grades and the inter-satellite intermediate competition, coach development, meetings, club trainings, representative team trainings, regional tournaments, storage, Spring and Summer Twilight and show casing the history of the Netball Wellington Centre.

The café was very well received by the Saturday competition patrons up at Hataitai. We were very happy with the food, coffee and services provided by Mike and the team from Newtown Pita Pit. They provided a great selection of healthy food and drink options, and we received very positive feedback on the quality of the food and service. The provision of indoor café facilities remains an important way to provide essential services and adds a welcoming atmosphere for our Saturday Competition attendees.

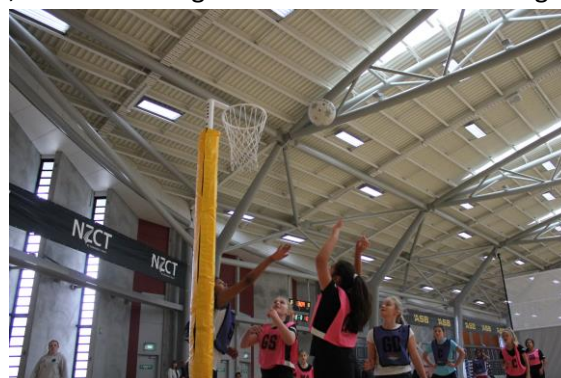

The Hataitai Pavilion remains available for hire by both our members and the outside public. With a variety of spaces available including the large upstairs area, an upstairs meeting room area and a downstairs room on offer, it has the potential to remain well utilised as it has been hired out for sporting events, prize-giving's, private functions, seminars and workshops, indoor trainings and meetings in the past.

Throughout the year we have carried out a few minor repairs to the Hataitai building however we do see that over 2016 some bigger maintenance costs may be incurred. We have received approved earthquake certification from the Wellington City Council and we are continuing discussions with the WCC and other park users around the long term plans for Hataitai Park and the possibility of a Sportsville Hub being established.

We believe that long term our building could be used by many sporting codes especially following earthquake certification, and that netball does have a long term place at Hataitai Park. We will be actively involved in discussions in regards to our Hataitai building and how we can best use our asset.

ASB Sports Centre

We are one of the highest users of the ASB Sport Centre as we fully utilise all 12 courts as part of our Saturday winter competition during 2015, for three nights a week for our twilight competitions and Men's League, two nights a week for Kids' Comp, Teen League and development programmes, and hold our school holiday programmes in all four terms. In addition to this during the day we work with schools as part of the ASB Sports Centre school programme for Year 1-8. We continually look for other netball opportunities that we can offer at the ASB Sports Centre during the day to the community making sure to include all age groups, gender and abilities.

FUNDING/SPONSORSHIP/SUPPORTERS

The funding from Gaming and Charitable Trusts is invaluable to support the overall operational side of the Centre, keeping full time staff in place 12 months of the year, providing a wide range of competitions to meet the diverse range of patrons in the game of netball, development programmes in place to cater for all ages and abilities, providing a pathway for players, umpires, officials and coaches by running representative programmes for Under 15, 17, 19 age groups and National Champs.

During 2015, gaming and racing board trust funding was granted by New Zealand Community Trust (NZCT), Infinity Foundation Limited, Four Winds Foundation Limited, Pub Charity, Pelorus Trust, The Lion Foundation, New Zealand Racing Board, and Wellington Community Trust. We thank these funders greatly for their ongoing support to the Centre and our members. Without these funders the cost to play the game of netball would be beyond the reach of many and we would not be able to sustain our current status as the 3rd biggest netball centre in New Zealand both financially or in playing numbers.

The New Zealand Community Trust (NZCT) and Infinity Foundation Limited provide a large portion of the funding outside of the membership fees. These funds were put towards the salaries of staff

for the Centre, court hire and some representative costs. The remainder of the funding contributed towards the costs of representative team travel and accommodation, rep uniforms, development, operational cost and first aid services.

We are fortunate that all our previous organisations have renewed their sponsorship in 2015, contributing to the Centre's operational success. We would like to thank them all for their support, and the trust they put in us to deliver back to them. We look forward to continuing to grow and foster our relationship in 2016.

Kilbirnie PAK'nSAVE continued as naming rights sponsor assisting with costs associated with our Kids' Comp, representative food costs, and holiday programme. Thanks to Dean, Chris and the team at Kilbirnie PAK'nSAVE for their ongoing support.

Mama Brown joined us as a sponsor in 2013 and still remains as a key provider to our Centre Twilight leagues by contributing towards food and drink vouchers for our winner and runner-up teams. These vouchers are well received with a number of the teams making use of them during team celebrations. We extend much thanks to Shah and Arsel Aslam and the team located at Mama Brown on Tory Street.

Wellington Hospitality Group continued their generous support instigating their player of the day initiative across the Centre for our ASB Winter Competition, and our 3 Junior Satellites – Motu Kairangi, Northern Suburbs Netball and Wellington West Netball for primary and intermediate students. As they offer a number of venues throughout Wellington the meal vouchers prove convenient and cater to most recipients needs.

Canon New Zealand continued their sponsorship in 2015 enabling the Centre administration a more professional and efficient appearance with an amazing photocopier/print/fax and also the kind donation of a printer towards our prize giving. Thanks to Serina and the team at Canon.

Les Mills supports our identified players and umpires with 10- month gym memberships. This sponsorship allows us to support our athletes in achieving the fitness levels they need to perform at that top level. A big thank you to Arpita and the team at Les Mills, for their ongoing support.

Sport Wellington has been an amazing supporting body in our talent development programmes, coaching and player alignment and governance training. The backing they have extended to us as a Centre has greatly assisted in allowing us to function as a successful business and sporting body in 2015.

KCP Physiotherapy has once again been our 'go to' service provider at the ASB Sports Centre for injury care and strapping. The players all appreciate the supported and care that they received over the 2015 season and the follow up treatment they provided.

E-images supported us with our 2015 representative photos. These photos provide us with memories to proudly display on our walls and also for the players themselves to keep as a memento.

Jason Pine from Newstalk ZB provided us with the opportunity to showcase our premier competition over the 2015 Winter Competition along with any special events we had on the horizon. We really appreciated the air time and exposure that this gave our teams and players and look forward to continuing this relationship in 2016.

Mike and the team from Pita Pit provided our patrons at the Hataitai Netball Pavilion over the 2015 season with some amazing food and service. In addition to this Mike provided Player of the Day vouchers for all college grades at the Hataitai Netball courts plus drink bottles and Pita Pit netballs for the grade winners.

This year BLK came on board as a sponsor for the first time with the Centre. They funded the kit out of our National Championship team with new dresses, and supplied our representative t-shirts and sweatshirts. The girls looked sharp on and off the court.

2015 saw the Centre partner up with David Graves from Tall Poppy Real Estate and Jono White from MTF Mount Victoria. Both partnerships provided savings for our members and also the opportunity for the Centre to fundraise. We look forward to building on these partnerships in 2016.

COMPETITION

The Centre had some unexpected movement at the start to the winter competition created by; one new member team registering, some significant player movement between clubs in particular amongst the top teams, all of which led to some unpredicted results during the first round.

It was disappointing to see a decrease of three club teams registered in 2015 compared to 98 teams registered in 2014. In a similar vein, the college team registrations dropped by two teams from the 151 team entries in 2014. However we still had a silver lining to this competition in that the lower number did not detract from the caliber of the competition, with tightly contested game through out the season and at the finals.

A review of the rules has been undertaken to strengthen and clarify some areas that we hope will provide even more value to an already high-quality competition. Thankfully we still have a wonderful venue in the Hataitai Courts & Pavilion which can cater for any increase in teams we may receive. With the majority of the games held at the ASB Sports Centre, a truly first-class facility, there are a lot of good elements surrounding our winter competition.

Overall a positive continuation for myself in the Games Coordinator role for a third season and I look forward to providing more next season and beyond.

Peter McDonald

Games Coordinator - Netball Wellington Centre

COMPETITION FINAL PLACINGS

Premier 1 / Regional Super League

2015 saw a return to our Premier 1 teams remaining in our competition for the entire season whereas previously they only had one round before the top six transferred to play in the Regional Super League (RSL). This change created a new dynamic to the competition and saw some high quality games played all season long, culminating in a Premier 1 Grand Final between

PIC 1 and SMOG 1 extending into extra time, where PIC 1 eventually won the game 57-55. Other results on Finals Day saw Wgtn East 1 defeat PIC 2 55-50 in the 3rd/4th Playoff, St. Marys College 1 won the 5th/6th Playoff against SMOG 2 52-46 and in the relegation game Wellington East Girls' College 1 retained their spot in Premier 1 defeating Wgtn East 2 56-42.

A change in the premier one competition format along with the Netball World Cup being hosted in Australia in August saw a shortened RSL Competition for 2015. AS team entries from RSL not automatically based on rankings, this provided an opportunity for clubs to combine their top teams for the RSL competition. In contrast to previous years where there were up to seven affiliated teams competing, this year only four teams entered from our Centre.

Even with all those factors, Netball Wellington Centre continued to dominate RSL by securing the top three spots in the Division 1. PIC 1 had a flawless season finishing with a win over Naenae White in the final. In the 3rd/4th playoff Wgtn East 1 played SMOG 1 with Wgtn East winning the game 54-41. The 4th team from NWC in RSL, SMOG 2 won the Division 2 3rd/4th playoff against Norths from Kapi-Mana.

Premier 2 & 3, Premier Reserve & Senior competition

The rest of the grades from Premier 2 to Senior 2C ran well over the season resulting in a season that provided the opportunity to a wide group of people to play the game of netball.

The re-inclusion of all the Premier 1 teams for the season required some changes to the format of the competition which resulted in games played on ANZAC Day. A split round was played over the July school holidays meaning teams played on one of the Saturdays, but not both.

The season for the Premier and Premier Reserve Grades had a 19 game duration played over 23 weeks, with no games played over Easter Weekend or Queens Birthday Weekend. The competition was made up of four rounds, Grading (7 weeks), Challenge (3 weeks), Championship (7 weeks) & Finals (2 weeks). The senior grades followed the same format with the inclusion of extra games for Senior Grading Day, where four short duration matches of 10 minute halves were played to determine starting grades for each team.

Regional Secondary School League (RSSL)

This was the fourth year this competition has been run by the Centre and College Sport Wellington, where 25 teams in three divisions took part from across Wellington, Hutt Valley, Kapi Mana, Kapiti and Wairarapa. The competition began on Monday 22nd June after the first round of the school's Centre competition, with seeding's based on 2014 Lower North Island Secondary School tournament results. The finals day took place at the ASB Sports Centre on Monday 24th August with Wellington Girls' College beating Wellington East Girls College (38-28) to win the Division One title. Queen Margaret College beat Samuel Marsden Collegiate (35-24) to win the Division Two title. The Netball Wellington Centre teams finished in the following positions:

Division 1

Wellington Girls' College	1st
Wellington East Girls' College	2nd
St Mary's College	3rd

Division 2

Queen Margaret College	1st (9 th Overall)
Samuel Marsden Collegiate	2 nd (10 th Overall)
Tawa College	7 th (15 th Overall)

Division 3

Onslow College	4 th (22 nd Overall)
St Catherine's College	5 th (22 th Overall)
Wellington High School	8 th (25 th Overall)

NWC Collegiate Competition

The Collegiate grades are made up of 3 distinct groups:

Collegiate Grades 1-3	Open grade (No age limit), Top 4 grades Hosted at the ASB Sports Centre
Collegiate Grade 4 & 5	Open grade (No age limit), More 'Social' Grade Hosted at the Hataitai Netball Courts
Junior Collegiate Grades 1-2	Junior grade (Year 9 & 10 Only) Hosted at the Hataitai Netball Courts

The Collegiate 1 grade started Round 1 with 18 teams. The remaining Collegiate grades consisted of up to 24 teams that played in one grade during Round 1 for the first 7 weeks, then split into pools of 6 teams for the 'Competition Round' (5 weeks) and Finals (2 weeks).

All grades were well contested and played in good spirit across the whole season.

U15 Gold - Most Valuable Player	Saviour Tui
U15 Gold - Most Improved Player	Rebekah Hartley

MEN'S NETBALL LEAGUE

2015 saw the initiation of a Men's League for Netball Wellington Centre.

After consultation with various interests in Men's netball in the region, a competition was established in July at the Centre. The goals for the competition were to assist the current players in their preparation for the Men's National tournament to be held in Porirua in mid-September, and also to assist in increasing the number of men playing netball in Wellington. An eight-week competition started on Friday evenings held at the ASB Sports Centre from mid-July and ran through until the beginning of September.

Six teams contested the inaugural competition with Blitz beating Cook Strait 'Realists' in the grand final held on the 4th September 2015.

Thank you to all teams and umpires who took part in this new initiative. We will continue to offer this competition and build momentum in the area of Men's netball, with the inclusion of a men's youth competition in 2016.

1 st	Blitz
2 nd	Cook Strait 'Realists'
3 rd	PIB
4 th	Hokioi
5 th =	CS Masters
5 th =	Last Minute

SOCIAL COMPETITION

Social Twilight competitions remain a core part of Netball Wellington Centre competitions and numbers have consistently remained close to capacity for the number of courts available for use, especially indoors at the ASB Sports Centre. The traditional outdoor option has continued to be offered on Mondays in the “Spring” & “Summer” seasons (Term 4 & Term 1). We choose not to run outdoor competitions during the “Autumn” & “Winter” Seasons (Term 2 & 3) given unpredictable weather as lower temperatures are not favoured by social competitors. Indoor competitions are consistently held on Wednesday and Thursday throughout the year at the ASB Sports Centre.

2015 saw Mama Brown continue as the major sponsor for our Twilight competitions which has been a beneficial arrangement to both parties which we hope to roll into 2016. We thank Mama Brown for providing food and drink vouchers for our Twilight competition winners each term.

Twilight Leagues offered in 2014/2015	Grade	Venue	# of teams
Spring 2014 (October – December) - Monday	Women	Hataitai	20
Spring 2014 (October – December) - Wednesday	Mixed	ASB	12

Total number of teams in 2013/2014 – 259 (17 Leagues)			
Total number of teams in 2014/2015 – 212 (18 Leagues)			

JUNIOR COMPETITIONS

Kids' Netball Comp

Netball Wellington Centre continued to offer junior competitions held 'out-of-season' in Term 4 and Term 1 in the 2014/15 season. The Kids' Comp was again split over two days on Wednesdays for Year 5/6, including a stand-alone Year 3&4 grade in Term 4 2014, and Thursdays for Year 7/8.

Traditionally Term 4 competition attracts more interest than Term 1 as it is easier for the teams to come together straight after the winter season. The trend continued this year with a total of 22 teams - 13 teams for Wednesday Year 3-6 and 9 teams on Thursday for Year 7/8.

In Term 1 we welcomed a total of 4 teams for the Year 5/6 grade on Wednesdays and 6 teams for the Year 7/8 grade played on Thursdays. A drop in entries for the Year 3/4 grade meant we were unable to offer that age grade in Term 1. This potentially could be due to the success of the Netball NZ ANZ futureFERNs initiative. As this programme is rolled out across the NWC Satellites, it may no longer be necessary for the Year 3/4's to be part of our off-season competitions.

The Kids' Comp further provides a great opportunity for junior umpires to develop their skills. In total 19 junior umpires in each Term were involved in umpiring games. A push to involve recent 'graduates' from the Kiwi Whistler programme from the three Junior Satellites over winter has resulted in a large number of early interest in involvement for the 2015 Term 4 league.

Thank you to our competition coordinators Amelia Wheeler and Crystal Lawrence and also to Henry Tutaka and John Noho who mentored our junior umpires over the 2014/15 season. Also big thanks to Kilbirnie PAK'nSAVE as the major sponsor of our Kids' Comp.

Junior Competition offered in 2014/2015	Grade	# of teams 2013-2014	# of teams 2014-2015
Term 4 2014 (October – December)	Year 3/4	4	5
Term 4 2014 (October – December)	Year 5/6	8	8
Term 4 2014 (October – December)	Year 7/8	15	9
Term 1 2015 (February – April)	Year 5/6	0	4
Term 1 2015 (February – April)	Year 7/8	7	6
Total number of teams in 2013/2014 – 34 (4 Leagues)			
Total number of teams in 2014/2015 – 32 (5 Leagues)			

TEEN LEAGUE

Term 4 2014 brought about the exciting introduction of a Year 9/10 Teen League to the existing off-season competitions offered by Netball Wellington Centre. Initially the new Teen League was offered on both Wednesday and Thursday afternoons however Wednesday attracted limited entries so the competition was combined to only be held on Thursday. The competition not only offered an option for those Year 9/10 players looking for to play in a competition amongst peers outside the normal netball season, but also to top Year 8 teams looking for a challenge against some stronger opposition.

Nine teams entered the first competition held in Term 4 2014 and six teams took up the opportunity to play in the Term 1 2015 league. Similar to the Kids' Comp, reduced team entries may be a result of the relatively easy flow-on from winter competition into Term 4 competition at a time when interest is high, whereas motivation can wane following the Christmas break and priorities such as preparation for the new school year take precedence.

Strong interest for the Term 4 2015 competition has been received and if this happens a move to again extend to offer Wednesday as an alternative option may be necessary.

Teen League in 2014/2015	Grade	# of teams 2014-2015
Term 4 2014 (October – December)	Year 9/10	9
Term 1 2015 (February – April)	Year 9/10	6
Total number of teams in 2014/2015 – 15 (2 Leagues)		

UMPIRES & BENCH OFFICIALS

The 2015 year has been another successful season for the Wellington Umpires and Bench Officials with a good number of umpires achieving umpiring qualifications and umpires rewarded appointments to National Tournaments and NNZ squads and Talent ID programmes.

We attribute this success to the personal commitment and accountability of the umpires and bench officials and also to the work of a panel of volunteers. A majority of these volunteers commit their time to umpiring and bench officiating themselves as well as coaching or mentoring others. The panel put a lot of effort into becoming accredited to coach, mentor or assess, which we know takes a lot of their own personal time and is deeply appreciated by those they are training just as much as the Centre.

This year we celebrated great success in the umpire theory arena. Sue Geale and Ann Hay tutored the NZ and Zone theory. We had three Zone successful passes and five NZ successful passes. This year was the 2nd year a candidate has attained a 100% pass rate. Congratulations to Denise Sheehan on this outstanding achievement. The Centre is extremely lucky to have tutors of such high calibre and the results show the importance of these six-weeks of classes.

Some of the Wellington Centre umpires voluntarily assisted in the delivery of the Kiwi Whistler programme to the juniors and adult umpiring sessions in all three of our Junior Netball Satellites. It was great to see our umpires giving back - tells you a great deal about the charisma of umpires that are involved in our Centre.

This year we ran an umpire programme at Wellington East Girls' College. This was very well received and it is an initiative that we want to further progress with other secondary schools in 2016. Going over the rules with these players that have to perform umpire duties will ensure that they can take up the whistle with confidence throughout the season.

It was fantastic to see both the umpires and bench officials putting their hand up to be there for our rep teams and attend pre national tournaments. We know that teams appreciate the support that you have all shown and it also allows us to have games officiated to a high standard.

A big thank you to you all for the time, commitment and dedication you give to the game of netball here at the Centre and in support of our teams. It is greatly appreciated.

2015 Netball Wellington Centre Umpire Awards

We say every year that it gets harder and harder for us to appoint 'one' umpire for all our special awards. This year was no different with us having several worthy candidates for all categories.

Contribution to Umpiring – Once again this went to Paul Smith who is an umpire that truly leads by example. He is an NZ A Umpire, he is a certified NZ & Zone umpire assessor and led the NZ panel for the Centre, he is a member of the Umpire Executive Group (UEG) for the Zone, he coaches umpires most Saturdays at ASB, he umpires Prem 1 and RSL games, he is readily available to assist with trials and training games, completes the Premier 1 & 2 weekly draw allocation, assists with umpire complaints, and also facilitates in the training and development of umpires for the Centre. Paul is very well respected by umpires at all levels from within the Centre and also the wider Netball Central Zone.

Most Improved Umpire – This year went to Denise Sheehan who has grown as an umpire as much on the court as off court. She achieved 100% in her theory exam and this has definitely transitioned on court resulting in her achieving her Zone practical badge in the space of one season. She has earned respect from the players and has become a confident and competent umpire. Denise has great potential to go further in her umpiring and we wish her all the best.

Junior Umpire of the Year award – we have a number of young umpires who have worked hard and found that umpiring can be their number one sport with time, commitment and an open willingness to learn. There were a number of umpires that were considered for this award however two really stood out ahead of the others.

Amelia Wheeler has this year grown in her umpiring and displayed great confidence on & off the court. We congratulate her on passing her NZ Theory this year.

Lachlan McLaren personally identified that his fitness needed to improve for him to be in the right place at the right time to call the right things. He took ownership of this and the results proved dividends displaying consistent umpiring all season.

Both umpires have shown they have the potential to go further in their umpiring and we look forward to seeing them progress up the umpiring pathway.

Umpire of the Year – Ann Hay has had another successful year at top level umpiring but not without hard work and commitment towards getting her fitness back on track and working hard towards her umpiring goals. She has done amazingly well and is now a member of the NZA Squad, she was appointed to attend NNZ National Champs in Sept 2015 where she was endorsed for her NZA badge, was appointed to an international appointment at the Pacific Games held in Papua New Guinea, and was duly awarded the Umpire of the Year for us here at the Centre.

Umpire development opportunities offered by the Netball Wellington Centre for the period between October 2014 to September 2015:

Date	Course	Facilitator	Attendees
October	Kids' Netball Comp & Teen League – umpire mentoring (8 weeks)	John Neho	19

Marian Daals	Wellington Regional Super League 2015

NETBALL DEVELOPMENT

Netball Wellington Centre continued to offer variety of development opportunities catering to a wide range of ages and skill levels throughout the past year. In 2015 the Centre provided ongoing support to our three Junior Netball Satellites as they fulfilled Netball New Zealand's directive to take up responsibility for delivering their own ANZ futureFERNs programmes for Year 1-4 participants and coaches.

During the off-season months from October through to December the focus fell on Off-Season Development for Year 6-11 players looking ahead to trial for top school or representative teams in 2015. Come pre-season from February to March, we again offered our Mama Brown Getting Ready For Netball for Year 5&6 and Pre-Season Development Programme for Year 7-11 allowing players to refresh their netball skills prior to the start of the season. A new pre-season Fitness February initiative was introduced appealing to players and umpires at intermediate, secondary school and beyond. In the mid-season months from April to September our long-running Junior Netball Academy for Year 5-8 built on basic skills and allowed participants to apply skills during practical game play. In addition our invite-only Senior Netball Academy for Year 9-11 targeted trialists who narrowly missed U15 rep selection with the aim of strengthening a solid understanding of fundamental skills and their on-court application.

The addition of John Noho to our development staff has been of great benefit allowing the Centre to expand its services including in-school visits, greater dedicated resources in the areas of player, coach and umpire development initiatives and exploring new concepts. In addition General Manager Sue Geale continues to lead by example by stepping in to share the load wherever needed to ensure we cater to as many as we can throughout Wellington and continually deliver a consistently high quality level of development opportunities. Thank you also to Peter McDonald and Bubs Reweti for being willing and able to assist with hands on deck whenever the need arises. We are also fortunate to have a number of helpful on-call and volunteer staff who lend their skill in developing and supporting young players when called upon. Such willing helping hands really make a difference – we are grateful for their contribution.

The Centre enjoyed making the most of further opportunities to foster good working relationships with our counterparts such as the Wellington City Council, Sport Wellington, Primary Sport Wellington and College Sport Wellington. The number of school visits to the ASB Sports Centre has been steady this year while we've also had the resources to allow us to cater to requests for coach and umpire development in-school during school hours. The opportunity to engage with existing players while introducing new players to the sports of netball in conjunction with upskilling teachers and observing coaches in the process has been of great benefit and learning for all.

In 2016 we hope to further expand engagement within our netball community and provide additional development opportunities in response to the growing needs of our patrons including players, coaches and managers.

Maria Hegarty

Netball Development Officer – Netball Wellington Centre

SCHOOL-AGE DEVELOPMENT OPPORTUNITIES

Netball continues to be requested by schools keen to take part in the ASB Sports Centre's Sports Coaching programme overseen by the Wellington City Council. The number of netball coaching hours rose from 16 bookings last period to 23 this period. We thank the ASB Sports Centre Programmes Coordinators Claire Hammond and Yarride Rosario for working with us to generate interest and provide an opportunity for more direct input at grass-roots level. As a Centre we embrace the mutually beneficial opportunity to increase community exposure to the amazing services on offer at this impressive indoor venue while promoting our events to attendees as we support growth and development through fun and active sport participation. The addition of a Netball Development Coordinator to our staff made it possible to fulfil a couple of in-school requests this year. In the coming year we aim to forge closer relationships and expand in-school visits in support of netball development at primary, intermediate and secondary school level within our local community.

Participation figures for the period from October 2014 to September 2015:

Group	Age	Hours	Attendees
Term 4 2014 (October to December)			
ASB Sports Centre October Holiday Programme (ASBSC)	Year 5-8	1.5	40
Holy Cross School (in school visit)	Year 5&6	1	28
St Bernard's School (in school visit)	Year 1-8	3	46
WHEN – Wellington Home Education Network (ASBSC)	Year 1-13	2	16
Sacred Heart Primary School (ASBSC)	Year 7&8	5	100

ASBSC: hosted at ASB Sports Centre

Regional Sportsfest: hosted by NWC at Hataitai Courts

NETBALL AFTERSCHOOL PROGRAMMES

Off-Season and Pre-Season Netball Development Programme

The Off-Season Development Programme is offered in Term 4 held at the ASB Sports Centre from October to December. The intention is to help players retain their skills over the holiday period making the return to netball the following year far easier. In Term 4 2015 the programme ran on Tuesdays after school for 6 weeks consisting of two age groups - Year 7&8 and Year 9&10. In recognition of looking ahead in preparation for the coming year, the programme invited participants to register in their age group in anticipation of the 2015 netball season. This change gave Year 6 players the chance to get a head start and provided helpful insight into the calibre of players they may be trialling against at the Year 7&8 Satellite Rep trials. Likewise the older age groups get the chance to adjust their mind-set hopefully giving them a mental and physical edge.

The Pre-Season Development Programme is offered in Term 1 held at the ASB Sports Centre from February to March. The programme is timed in the lead-up to school and representative trials allowing motivated young players the means to fine-tune fundamental basic footwork, ball and movement skills in the hopes of standing out at trials. Following a review conducted at the conclusion of the Term 4 programme, it was decided to greater benefit attendees by splitting into three age groups - Year 7&8, Year 9 and Year 10 & 11. As a result the programme expanded to run on Mondays and Tuesdays. The age group reconfiguration created more manageable group sizes, afforded the opportunity for coaches to hone in on age-specific player expectations and allowed coaches to familiarise themselves with players noting individual improvement and providing greater personalised feedback.

These two programmes continue to attract a healthy number of participants largely due to the expertise of Bubs Reweti who leads these sessions. Bubs has a deep-rooted passion when it comes to working with young netballers and her ongoing efforts have produced some solid results with a number of players impressing at trials and ultimately becoming selected for rep teams. A big thank you to Bubs Reweti assisted by John Neho and also Maria Bertram who gave her time as part of her own personal development.

Fitness February

Fitness February sparked from General Manager Sue Geale jumping on the idea that getting in shape prior to the netball season is far more fun when in a group environment. We were fortunate to collaborate with Personal Trainer Ngarama Milner-Olsen and benefit from her vast experience as a former Pulse netballer now turned ironwoman athlete. Four sessions were held outdoors at the Hataitai Netball Courts for one hour duration each Wednesday in February. Sessions were well attended by a mix of 38 intermediate, college and club players and umpires who enjoyed trying a new approach to fitness and the benefits of conditioning exercises. We thank Ngarama for her valued time, encouraging delivery and expertise shared.

ANZ futureFERNs

In early 2015 Netball New Zealand formally unveiled new branding for what had been referred to as the Junior Netball Programme since 2013. The programme is now nationally recognised as ANZ futureFERNs and comes complete with a range of bright-coloured resources and equipment along with parent information and training. Since taking part in the pilot in 2013 the Centre ran the programme over four terms as an interim measure. In accordance with directive from Netball New Zealand, focus shifted this year to working closely in strong support of our Junior Satellites as they adopted the programme for delivery as part of their own range of services. Centre support included Board and Parent information sessions, assisting with facilitation, supplying training and learning resources along with promotion. Our Centre assisted Motu Kairangi Satellite in co-delivering their first ANZ futureFERNs in Term 2 on Mondays after school for eight weeks catering to two age groups – Year 1&2 and Year 3&4. There is a notable drop in participant numbers for afterschool programmes since the Centre stopped running our own programmes in all four terms. ANZ futureFERNs continues to receive praise from parents who enjoy seeing their young netballers engaged in fun interactive activities while developing all-important transferable ball and movement skills in a safe and encouraging environment. It is great to see active parental involvement as Star Helpers and coaches as they grow their own confidence and netball knowledge in support of their child's development and enjoyment.

Thank you to the Netball Central Zone for their ongoing support with implementing the ANZ futureFERNs initiative – thanks to Community Netball Managers Liz Page and her successor Stuart Savage along with Junior Development Officer Stacey Sharp for guidance provided throughout the year. The programmes were well received due to the genuine enthusiasm displayed by willing individuals. Thank you to John Noho, Shelley Banks and Angela Keane for their “can do” approach throughout Term 2. We'd like to acknowledge the ongoing work of the key liaisons working hard to roll out the programme in each of our Satellites – Shelley Banks from Motu Kairangi, Ann Hay from Northern Suburbs and Catherine Miller from Wellington West. Thank you also to all the parents and up and coming young netballers keen to get involved and sing its praises.

Get Ready For Netball

Mama Brown Get Ready for Netball was again offered as a pre-season six-week after-school programme held at the ASB Sports Centre on Mondays for one hour in Term 1. The programme appeals to Year 5 & 6 players keen to get a head start by refreshing their basic netball skills ahead of school trials and boosting confidence with the ball. Netball Development Officer Maria Hegarty led each session making the most of fun skills and drills incorporating modified games wherever possible. Many thanks to our enthusiastic group members for your attendance and to Mama Brown for taking a vested interest in supporting this junior development initiative.

Junior Netball Academy

The Kilbirnie PAK'nSAVE Junior Netball Academy continued to be offered during the mid-season as a six-week after-school programme held at the ASB Sports Centre on Wednesdays for one hour in Term 2 and 3. The Academy hosts two age groups - Year 5 & 6 and Year 7 & 8. The programme focuses on developing player's confidence and understanding when performing basic fundamental skills like movement, footwork, ball skills, attack, defence and shooting. Some participants attend as an added skill boost for those who do not have weekly team trainings or players seeking new techniques to apply during their Saturday game. Coaching duties were shared between General Manager Sue Geale and Netball Development Officer Maria Hegarty with grateful input from Bubs Reweti. Thank you to our main sponsor Kilbirnie PAK'nSAVE for your ongoing support. We much appreciate the supportive parents who continue to value these junior initiatives as well as our enthusiastic participants with a zest for injecting fun while learning.

Senior Netball Academy

The Senior Netball Academy returned again in 2015 run as a six-week programme held on Tuesdays in Term 2 and 3 at the ASB Sports Centre. This one hour after-school programme was led by Bubs Reweti who remains dedicated to lifting the skill level of the Year 9+ age level. Following on from U15 rep selector duties, Bubs runs these sessions targeting players who narrowly missed selection using her observations to pinpoint areas that need further work. A select number are invited to attend in the hopes of channelling possible disappointment into determination in recognition that knock-backs at this age often result in loss of interest and eventual sport drop-out. By keeping a close eye on committed players we aim to maintain motivation and expand their skillset so they can be more capable players come next year's trials. Of the 26 players selected for U15s in 2015, five of these players missed selection the year before. To their credit they put in hard work with Bubs before returning to trial again in 2015 where they were successfully selected. Our gratitude goes to Bubs for her boundless passion, patience and time invested in instilling self-believe and resilience in young players.

Previously pre-season rep skill sessions have been run by Sandra Edge who has always had an enthusiastic approach to working with this particular group of athletes. Change in availability and demands on time however meant these sessions couldn't happen this year. In 2016 the Centre will pick this up again and hope to implement specialised pre/off-season programmes targeting current rep level players with support from current representative coaches.

Participation figures for the period from October 2014 to September 2015:

HOLIDAY PROGRAMMES

Netball Wellington Centre continued to run holiday programmes in October, January, April and July school holidays. Changes this year include holding a second week in January prior to the return to school and offering an afternoon option in October. Interest continues to be split between those seeking fun holiday activities and others seeking netball-specific skill extension. We do our best to cater to both by offering netball-specific activities in the morning and a variety of activities in the afternoon to avoid overload. We are mindful that some parents want flexible hours that suit their work-day needs therefore while not attracting large numbers full day programmes still hold appeal. We aim to ensure programme content remains relevant, upbeat and engaging and that our coaches also ensure they contribute by delivering in this way. A key focus is on fun through learning in an encouraging and welcoming environment. We make every effort to manage age groups by allocating more coaches with younger age groups to maximise engagement. Similarly we do our best to gauge skill and level of interest and split groups accordingly so those seeking fun are entertained while those keen to upskill receive a challenge.

Holiday programme attendance has been impacted by factors such as indoor court availability due to increased usage at the ASB Sports Centre during the holiday period. There are also a growing multitude of holiday activities on offer providing healthy competition. Broader hours, more variety, subsidised cost, a large pool of staff and high level marketing channels offered by the ASB Sports Centre means their holiday programme registrations continue to grow. We continue to try and maximise promotional avenues via direct mail-outs to all schools, website, Facebook, fliers via the public brochure panel at ASB Sports Centre as well as distributed to attendees at our programmes, school coaching bookings and events we attend and other resources such as local online tool Neighbourly. In response to healthy competition we remain focused on delivering a quality experience for all youth seeking exposure to the great sport of netball.

Thank you to Kilbirnie PAK'nSAVE for ongoing support as naming rights sponsor of our holiday programme. We extend a hearty thank you to all coaches who contributed their time and enthusiasm throughout the past year engaging children in active play and nurturing a love of netball. We appreciate the support of parents, caregivers and participants who continue to return and share fun and games with us and spread the word amongst friends and associates. A special thank you to Anna Moore for voluntarily giving her time at these programmes.

Participation figures for the period from October 2014 to September 2015:

Holiday Period	Held	2013-2014	2014-2015

JUNIOR NETBALL SATELLITES

Netball Wellington Centre has three affiliated Satellites. The Wellington West, Northern Suburbs and Motu Kairangi Junior Netball Satellites are stand alone clubs/entities and the Centres supports them with opportunities with Kiwi Whistler and adult umpiring programmes, coaching programmes, Intermediate Inter-Satellite Year 7 & 8 competition, ANZ futureFERNs for Year 1&2 and Year 3&4, player development opportunities from Year 1 through to Year 8, and operational support.

The 2015 Intermediate Inter-Satellite Competition finals were played on Saturday 22nd August at the Hataitai Courts with some exciting talent on display. Raroa Eagles secured first place in the competition after a high scoring win against St Frances Rockets 38-23.

Newlands College Kauri secured 3rd place against Te Kura Kaupapa Māori o Nga Mokopuna's team Moko Toa with a final score 27-13. EBIS Kowhai came in 5th place with a tightly fought win over Kelburn Chaos 23-19. QMC Red and Marsden K1 rounded out the competition. Well done to all players, coaches, managers, umpires & supporters who made the season another highly enjoyable one.

REPRESENTATIVE NETBALL

The 2015 season has featured numerous successes amongst the six teams representing Netball Wellington Centre. We again selected two representative teams in the U15 and U17 age group, one team in the U19 age group and one team at NZ National Champs level. It is always a joint effort to ensure all six campaigns run smoothly for the duration with various input covering all facets from logistics to fundraising and all-important human resources committed to investing their expertise for the season.

The U15, U17 team trials were brought forward to be held in late March due to Easter and the school holidays occupying the start of April. Trials for the shorter U19 campaign fell at the end of April. Three trial dates were held per age group. Trial dates were promoted directly to all

previous trialists courtesy of mailing lists collated from past trial attendees and via the Netball Wellington Centre website and Facebook. Sport Coordinators and Club Captains were emailed and encouraged to prompt Senior/ Junior A and B players and Premier/Prem-Reserve level players to nominate. In addition Sport Coordinators were updated with a list of registered trialists in an effort to afford the chance to follow-up glaring player omissions by coaxing those they felt would benefit from trialling. This season Hutt Valley Netball Centre opted to select their own U19 age group team therefore our trials were open to eligible players from the four remaining Wellington Regional Centres.

U15 trial attendance remained consistent with 80 trialists in 2014 and 82 in 2015. The format for the U15 trials differed from previous years in an effort to contend with the high volume of trialists and allow greater opportunity to fairly observe all. A total of 35 Year 9 trialists attended the first trial date. The remaining Year 10 & 11 trialists along with Year 9 call-backs and any who could not make the first trial attended the second trial date. The final trial incorporated all remaining call-backs. U15 trials continue to attract a strong level of talent supporting the

selection of two teams made up of 26 players. The U17 trials managed to attract 32 trialists this year, making it possible to select two teams. It appears the fact there are twice as many positions open for selection has revitalised a rise in interest from this particular age level which we consider a huge success given the drop-off experienced in previous years. In contrast the U19 trials experienced a drop in numbers with attendees dropping from 26 to 18 with six withdrawing during the trial process, leaving 12 players to select from. This highlights the need to invest some time into this age group in an effort to encourage player retention and sport involvement beyond Year 13. Of the six Centre teams, five attended local tournaments in the lead up to competing at the national age group championships/regional tournament in July while the U17 Gold headed to Hawkes Bay for a weekend tournament.

This year Netball New Zealand renamed the former Lion Foundation Netball Championships to the NZ National Champs and announced 2015 would be the last time this tournament would be held. Netball Wellington Centre were appointed Host Centre of the event and welcomed over 1,000 players, team management, officials, volunteers, event staff and spectators to the ASB Sports Centre during the week of 28th September to 2nd October 2015. Most likely due to the central proximity the event attracted the highest number of registrations with 17 teams entered including three of our five Wellington Regional Centres. Trials for our Wellington NZ Champs team took place late July over three trial dates and attracted a total of 26 registrants. Trial dates were promoted via a number of media - email to previous trialists, school Sport Coordinators, Club Captains and also Premier/Prem-Reserve coaches affiliated to our Centre, notification to Wellington Regional Centres that did not enter their own team and our Netball Wellington Centre website and Facebook.

The success of the Netball Wellington Centre representative programme was made possible by funding towards travel, accommodation; training venue hire and uniform costs generously provided by The Lion Foundation, Infinity Foundation Limited, Pub Charity and the New Zealand Racing Board for which we are highly grateful.

The U15 Black team were fortunate to benefit from the return of Rita Aiono as Lead Coach and Lissa Collier as the Team Manager for their second consecutive season. Their management team was completed with the new addition of Tash Tawhara appointed as Assistant Coach. A strong U15 Black team made up of a mix of new and familiar faces was selected from a stand-out pool of talent. The team achieved fantastic results finishing first in all tournaments attended throughout 2015. The U15 Gold management team benefited from the combined approach of Co-Coaches Suze Strowger and Bubs Reweti and welcomed Judy Proops who joined our Centre for the first time to take up Team Manager duties. We were sad to have to farewell Suze midway through the season as we wished her all the best on her opportunity of a lifetime taking up a place on the University of Oxford Programme on Negotiation. The U15 Gold team retained a focus on player development and managing equal playing time which paid off as the team formed a tight bond that spoke volumes on court keeping their loss margin to a minimum exhibiting immense improvement throughout the season.

Pelesa Semu expressed an interest in moving into a Lead Coach role for the U17 Black team after enjoying her experience as an Assistant Coach at National Champs level in 2014. In support we welcomed Emma Weenink as Assistant Coach joined by experienced club level manager Linda Robinson and the return of Margaret Perry who shared the Team Manager role. With an impressive level of trialists to select from, the U17 Black team made the most of a wide array of talent and camaraderie to finish either first or second place in all tournaments attended. Steve McRoy returned as Lead Coach for the U17 Gold team and promptly continued the work he initiated last year developing the next tier of players. Steve was supported by Maria Bertram appointed Assistant Coach while we were fortunate Judith Baker returned as Team Manager.

We were privileged to attract Sandra Edge back to our Centre as Lead Coach of the U19 team after her previous success as an U15 level representative coach. In support of her efforts to apply her extensive knowledge to this older age group, she was supported by Belinda Wotton who also took a step up from her U15 age group involvement in 2014. Donna Campbell completed the management team making good use of her secondary school level experience as Team Manager. Contrary to last year, there were no new rules in effect allowing coaches to instead concentrate on building a close team bond with strong player combinations. The team shone through producing some impressive winning results and played with a lot of heart throughout their campaign.

This year's NZ National Champs campaign gained the benefit of continuity retaining the entire team management from 2014 consisting of Dion Te Whetu as Lead Coach Pelesa Semu as Assistant Coach and Kelly Herbert as Team Manager. These individuals laid solid foundations last season and Dion set his sights on improving on their 4th place finish in 2014. The extended team support included Central Physio Paul Butler and Primary Care Nicola Mackle. Netball NZ offered an Apprentice Coach Programme and local club coach Jeremy Gapes was the successful recipient, taking up his learning role soon after trials. The eight week lead-in to the campaign was well planned making the most of training games against the men's team and other Wellington Regional Centre sides. Twelve players were selected in the team with three initial

training partners – one quickly moved into the team to replace Nicola Mackle's early departure when forced to withdraw for injury recovery while another opted to gain dispensation to trial elsewhere. The team bond and effective combinations were solidified early in the campaign putting them in great stead for Nationals. The team put in a stunning performance to receive the overall winner award, and trophies for highest goals for and lowest goals scored against.

Heartfelt thanks must be extended in acknowledgement of the dedication, expertise and time commitment invested by all coaches and managers of our representative teams. Along with the umpires and bench officials who give their time to travel to attend these events, the effort made throughout the season is immense and hugely appreciated. Netball Wellington Centre also acknowledges the player's commitment to strive to perform your best – your passion is evident and we hope to get the chance to support you further in your future netball achievements. A special mention also goes to the champions behind each player - the incredibly supportive parents, partners and families.

COACH DEVELOPMENT

In early 2015 there was a shift in roles within coach development and delivery in accordance with directive from Netball New Zealand and Netball Central Zone. As a result the responsibility for arranging all formal coach development opportunities shifted from Netball Wellington Centre to the Netball Central Zone. The Zone took up duties such as plotting course dates in collaboration with netball centres, liaising with coach developers to facilitate courses and administration duties such as compiling registrations, payments and providing course resources. We extend our grateful thanks to Netball Central Zone's Coach Development Officer Sandra Edge for her passion and time dedicated to this area as she strove to maintain a strong focus on establishing a collaborative approach throughout the Central Zone for all to benefit from shared resources and expertise. Thanks also to our four Independent coach developers based in the Wellington region – Karen Bevan, Lindsay Filiata, Tania Lister and Tash Rowlands. Your ongoing time taken and willingness to travel even further afield to share your wealth of knowledge is much appreciated.

Netball Wellington Centre remains the Lead Centre for Coach Development within our Wellington region now with a more concentrated communication and promotion role. Key responsibilities include maintaining attendance records and mailing lists so all are aware of all formal and informal opportunities available to them. In addition, Netball New Zealand (NNZ) introduced compulsory Coach Developer training for all current Netball Development staff at a Community Netball Development Forum held in February 2015 in Auckland. The intention being that development staff embrace a role as Coach Developers with guidance from NNZ and the Zone and work towards gaining sign-off to facilitate all NNZ fundamental workshops including ANZ futureFERNs training, beginner level Year 3-8 Coach and My Team & Me workshops. Congratulations to our Netball Development Officer Maria Hegarty who was approved for sign-off as an accredited NNZ Coach Developer this year. Maria quickly put her newly acquired skills into practice delivering ten beginner workshops this past year for our Junior Netball Satellites, in-school visits and lending her time to assist regional Centres. Having a qualified in-house resource has already proven beneficial and the added flexibility when working with our patrons to lock in course dates at short notice has been well received.

In the process of adapting to the changes in our Centre's coach development responsibilities there has been a lesser focus on informal opportunities compared to previous years. We recognise that informal opportunities tapping into a coach's ability to learn both kinaesthetically as well as through observation are vital and intend to return our focus to these areas in 2016.

Growth in the number of Community Coach Award recipients and Performance Coach Award members has not been as high as previous years highlighting another area to work on in close collaboration with the Zone in 2016. The Wellington region has been fortunate in leading the way in this area to date achieving great success encouraging and enabling coach progression along the NNZ Coach Accreditation Pathway. The Wellington region currently boasts 119 Community Coach Award holders in total – 62 of them affiliated to our Centre. In addition there are 11 coaches currently in the Performance Coach Award group. We are

excited by the increased number of valuable coach development opportunities on offer Zone-wide with thanks to the concerted organisational efforts of Zone staff. We shall continue to offer support to other centres aiming to emulate our success and do our best to contribute to exceeding overall targets set by the Zone.

Netball New Zealand accredited formal coaching modules arranged by Netball Central Zone and hosted by Netball Wellington Centre between October 2014 to September 2015:

To the Members of Netball Wellington Centre Incorporated

Report on the financial statements

We have audited the financial statements of Netball Wellington Centre Incorporated on pages 4 to 9, which comprise the statement of financial position as at 30 September 2015, the statement of financial performance and statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Board Members' responsibilities

The Board Members are responsible for the preparation of financial statements in accordance with generally accepted accounting practice in New Zealand and for such internal control as the Board Members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibilities

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that present fairly the matters to which they relate in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Our firm carries out grant audits for Netball Wellington Centre Incorporated. The firm has no other interest in the Netball Wellington Centre Incorporated.

Opinion

In our opinion, the financial statements on pages 4 to 9 present fairly, in all material respects, the financial position of Netball Wellington Centre Incorporated as at 30 September 2015, and its financial performance, for the year then ended in accordance with generally accepted accounting practice in New Zealand.

Statement of Accounting Policies

Netball Wellington Centre Incorporated

For the year ended 30 September 2015

Statement of Accounting Policies:

Reporting Entity

The financial statements presented here are for the entity Netball Wellington Centre (Incorporated) (the Centre), an Incorporated Society reporting under the Incorporated Societies Act 1908 and its Constitution.

1. Statement of Compliance

The financial statements for this not for profit benefit entity have been prepared in accordance with generally accepted accounting practice in New Zealand. They comply with Financial Reporting Standards (FRSs) and Statements of Standard Accounting Practice (SSAPs), appropriate for entities that qualify for, and apply, differential reporting concessions.

Differential Reporting

The Centre qualifies under the External Reporting Board's Framework for Differential Reporting as it is not publicly accountable, and is not large. The Centre has applied all Differential Reporting exemptions available to it, with the exception of FRS-19 Accounting for Goods and Services Tax, with which it has fully complied.

Measurement Basis

Historical cost basis is used by the Centre for the measurement and reporting of income and expenses and financial position.

1.(a) Accounts Receivable:

Accounts receivable are stated at estimated realisable value. An estimate is made for doubtful debts based on a review of all outstanding amounts at the reporting date. Bad debts are written off during the period in which they are identified.

1.(b) Income Tax:

No taxation is provided for in the financial statements as the Centre is exempt from income tax under section CW46 of the Income Tax Act 2007.

1.(c) Goods and Services Tax:

The statement of financial performance has been prepared so that all components are stated exclusive of GST. All items in the statement of financial position are stated net of GST, with the exception of receivables and payables which include GST invoiced.

1.(d) Revenue Recognition:

Grant income is matched against expenditure incurred for that grant during the financial year. Where not all of a grant is spent by the end of the financial year, these unexpended funds are carried forward on the balance sheet into the subsequent financial year and matched to expenditure incurred during that year.

All other revenue streams are recognised on an accruals basis.

1.(e) Operating Leases:

Operating lease payments, where the lessors effectively retain substantially all the risks and benefits of ownership of the lease items, are included in the determination of the operating surplus in equal instalments over the lease term.

1.(f) Fixed Assets and Depreciation:

All fixed assets are recorded at cost less accumulated depreciation. Depreciation of the assets has been calculated on either a straight line or a diminishing value basis. This is to write off fixed assets over their estimated economic life or lease life as follows:

• Building at Cost	1% - 20% Diminishing Value	10%-29% Straight Line
• Equipment at Cost	9% - 36% Diminishing Value	10% - 36% Straight Line
• Office Equipment at Cost	15% - 36% Diminishing Value	10% - 36% Straight Line
• Uniforms at Cost		48% - 67% Straight Line

1.(g) Changes in Accounting Policies:

There have been no significant changes in accounting policies. All policies applied have been on a basis consistent with those used in previous years.

Notes to the Financial Statements
Netball Wellington Centre Incorporated
For the year ended 30 September 2015

2. Operating Lease Commitments:

The Centre is committed to leasing the land under the netball clubrooms at Hataitai Park until 30 April 2017. The lease is renewed every three years with a final expiry date on 31 March 2023. The Centre was also committed to leasing the phone system from Telesmart until 9 October 2016 for an annual rent of \$2,328 plus GST but has been released from this commitment as at 9 September 2014.

		2015	2014
		\$	\$
Hataitai Park Lease	Expiry April 2017	10,428	17,014
Telesmart - Phone System Lease	Expiry Sept 2016	-	4,656
