

# 2016 Club Development Forum

## Sunday 28th February

### Gliderol Stadium, Glenelg

The forum is aimed at providing the opportunity for community club representatives to obtain important information and ideas as well as network with other clubs from around the state – the aim being for this information to then be distributed at local level through club committees and local clubs benefiting as a result.

The structure of the forum will include keynote speakers and a series of elective sessions that clubs can choose to attend on a needs basis for their club.

Clubs are invited to register as many people as they like, but it is strongly suggested these are people who hold a position on the club committee.

The day is completely free of charge and participants will be provided with lunch as well as some take-home resources that will be of benefit to their club operations.
