It is the start of the 2016 footy season and to help make this season successful, we need volunteers and sponsors to offer support each and every week. Fortunately we have a great community in Wallan with kids who love their footy, supportive parents who give up their time, along with charitable businesses who generously give financial support to the local sporting community. We would be extremely grateful if you would offer to sponsor the kids at our club. Below is one option of how you can support our kids. However feel free to discuss other sponsorship offers with us.
