Nor-West Jets are pleased to announce our coaches for the 2016 season.

We had quite a few people apply for the coaching positions and we wish to thank them all for their interest.

Our first grade coach for the 2016 season is a former Jet and premiership player Casey Wenselowski. Casey is better known by his nickname "BOFT".

Casey played for the Jets from 2005 until 2011 before he was posted to Townsville. He played 91 games for the Jets, kicked 82 goals, he won back to back premierships in 2005 & 2006 and also captained first grade from 2008-2010.

He started coaching as an playing assistance with the Jets before moving up to Townsville where he joined the University Hawks as a playing coach for 4 seasons. Casey and his family will be returning in December for another posting to the Richmond RAAF Base.

Casey is looking forward to returning to the Jets and coaching our 1st grade side, he is keen to get into it and start the preseason on 12th January. He will be working closely with a long term Jet player Michael "Sunny" Gray who has accepted the Assistant Coaching job. Sunny steps back up into a Div3 position after assisting Seb Murray in Div5 last season. He coached Div3 in 2013 with Chris Kyle. Sunny will also be working with the juniors as a development coach.

Seb "Cbass" Murray will continue to Coach our Div5 team in 2016 for a second season, while supporting Casey in the development of Jets players throughout the year. Cbass' enthusiasm to develop both his own and the players skills will be key to our success in 2016 and future.

We would like to congratulate all the Coaching appointments and wish them every success in 2016.
