- It is expected that a report will be made after the second offence.
- Warnings can be given at the Umpire's discretion but are not compulsory

**Definition**

Abusive and/or obscene language consists of swearing at an opposition player, game officials or spectators. Swearing after one's own mistake is not considered as serious an offence although is punishable if within earshot of spectators.

**ENFORCEMENT OF ORDER OFF RULE**

The Umpire will signal "time on" and the clock will stop (as for an injury).

The Umpire must tell the player immediately and accompany her to the bench where the coach needs to be told of the exact penalty. A Field Umpire shall signal that a player has been ordered off, by pointing to the interchange area with an outstretched arm; the player shall leave the ground immediately and proceed directly to the interchange steward, or timekeepers.

The Umpire will fill out an order-off form after the game to give details of the incident. If the same player is involved in incidents similarly, The League Registrar can take further action.

The player must immediately come off the ground when notified or the game shall be forfeited by the team of the offending player.

**REPORTING PROCESS**

The Umpire must notify the player concerned (or the captain of that team) as soon as reasonably possible after the incident.

The Umpire should not enter conversations about the incident with any delegates, Club officials or players.

The Umpire must fill out a report sheet following the game. The copies go to (1) the Registrar, (2) the team of the offending player and (3) the Umpire concerned.

**ANNEX D**  
**to SAWFL By-Laws****AUSTRALIAN SPORTS MEDICINE FEDERATION LTD**  
**PRIVACY STATEMENT ON INFECTIOUS DISEASES**  
(With particular references to HIV (AIDS) and HEPATITIS B)**General**

A number of blood-borne diseases can be transmitted during body contact and collision sports. The more serious include HEPATITIS B and HIV (AIDS) infections. These diseases may be spread by contact between broken skin, mucous membrane and infected:

- Blood
- Saliva (not for HIV)
- Semen and vaginal fluids

*There is no evidence that sweat/urine, and tears will transmit hepatitis B or HIV.*

**THE FOLLOWING RECOMMENDATIONS WILL REDUCE THE RISK OF TRANSMITTING INFECTIOUS DISEASES:****GENERAL**

All open cuts and abrasions must be reported and treated immediately.

It is strongly recommended that all the following should be vaccinated against HEPATITIS B:

- participants, involved in contact collision sport and playing under adult rules,
- personnel working in contact/collision sport team areas, and
- those who officiate in body contact and collision sports.

**PLAYERS**

It is the responsibility of all participants to maintain strict personal hygiene as this is the best method of controlling the spread of these diseases.

All participants with prior evidence of these diseases are strongly advised to obtain confidential advice and clearance from a doctor prior to participation.

All contaminated clothing and equipment must be replaced prior to the player being allowed to resume play.

If bleeding should reoccur, the above procedures must be repeated.

If bleeding cannot be controlled and the wound securely covered, the player must not continue in the game.

## **REFEREES AND GAME OFFICIALS**

Referees and Game Officials must report all open cuts and abrasions to medical staff at the first available opportunity.

## **TEAM AREAS**

It is the Club's responsibility to ensure that the dressing rooms are clean and tidy. Particular attention should be paid to hand basins, toilets and showers.

Adequate soap, paper hand towels, brooms, rubbish disposal bins and disinfectants must be available at all times.

Communal bathing areas (e.g. spas) should be strongly discouraged.

The practices of spitting and urinating in team areas must not be permitted.

All clothing, equipment and surfaces contaminated by blood must be treated as potentially infectious and treated accordingly.

Sharing of towels, shaving razors, face washers and drink containers must not occur.

In all training areas, open cuts and abrasions must be reported to the coach immediately.

Although Hepatitis B vaccination is usually effective in raising immunity to Hepatitis B, it provides no protection against other blood-borne diseases such as HIV. Vaccination must not result in relaxation of hygiene standards.

**ANNEX E**  
**to SAWFL By-Laws****CYBERSAFETY POLICY****Creating a Cybersmart Environment**

Social networking sites like Facebook, MySpace, Twitter and YouTube can be a great way for clubs to provide information, promote their sport, their activities and successes.

As with off-line communities, some social media users can act anti-socially and show disrespect for their online community with little consideration of the social and potentially legal implications. Issues like bullying and harassment, unwanted or inappropriate contact, uploading of inappropriate or offensive content can cause issues for individual club members or the club involved.

In the club environment you may choose to promote **Cybersafety** by recommending to your members to:

- *Use the privacy settings*
- *Keep your private information private*
- *Think before you post any content, video, images or text, online. You can put it up, but you can't necessarily take it down. Ask before posting images or stories about others. What you see as harmless fun may be embarrassing and humiliating for them and create a poor club image*
- *Don't project an undesirable self-image of yourself or the club*
- *Choose your online friends wisely. Others' inappropriate views and behaviours can reflect badly on you and the club.*
- *Communicate with others as you would do offline, with courtesy and respect*
- *If you think someone is being bullied or harassed online, speak out. If club members are involved speak with your coach or club official. The club will not tolerate this behavior*

**Rationale**

The SAWFL, in conjunction with the SA Community Football League (SACFL) has an obligation to maintain a safe physical and emotional environment for League officials, staff, registered players, umpires, coaches, club members, parents, spectators and sponsors. This responsibility is increasingly being linked to the use of the Internet and Information & Communication Technologies (ICT), and has seen the emergence of a number of related Cybersafety issues. The Internet and ICT devices/equipment bring great benefits to all users and to the effective operation of the SAWFL, SACFL and clubs.

The SAWFL and SACFL places a high priority on the acceptable use of ICT devices/equipment which will benefit members however, it recognizes that the presence in the sporting arena of these technologies can also facilitate anti-social, inappropriate, and even illegal behaviour and activities. The SAWFL and ACFL aims, therefore, to maximize the benefits of these technologies, while at the same time to minimise the dangers and manage the risks.

## **Policy**

The SAWFL and SACFL and its Member Clubs encourage effective and safe Cybersafety practices which aim to maximize the benefits of the Internet and ICT and allow for the effective operation of the SAWFL and SACFL and Member Clubs, whilst minimizing and managing any risks.

The SAWFL and SACFL takes seriously its responsibility in providing robust policy and guidelines for its members in relation to what is deemed acceptable and appropriate online behaviours. The League and/or club name, motto, crest, logo and/or uniform must not be used in any way which would result in a negative impact for The League or club and its members.

Members of the SAWFL and SACFL and its clubs have a responsibility to ensure that all online communications are in keeping with The Leagues expectations in relation to appropriate and respectful interactions with officials, coaches, umpires, players, parents, spectators and sponsors. Players **will not** post inappropriate comments about individual SAWFL, SACFL or club members which if said in person during the playing of a game would result in disciplinary action being taken.

## **Images of Children**

In South Australia under the Summary Offences Act 1953, a person must not engage in indecent filming. Images of children and adults should not be used inappropriately or illegally.

Wherever possible, obtain permission for a child's parent/guardian before taking an image of a child that is not their own and ensure that the parent knows the way the image will be used. The privacy of others needs to be respects and clubs should disallow the use of camera phones, videos and camera inside changing areas, showers and toilets.

Clubs displaying an image of a child should avoid naming or identifying the child or, wherever possible, avoid using both the first name and surname.

Do not display personal information such as residential address, email address or telephone numbers without gaining consent from the parent/guardian.

Additional information such as hobbies, likes/dislikes, school, etc should not be included as this information can be used as grooming tools by pedophiles or other persons.

It is the responsibility of the SAWFL, SACFL and clubs to only use appropriate images of a child, relevant to the sport and ensure that the child is suitably clothed in a manner that promotes the sport.

## **Cyberbullying**

"Cyberbullying is a way of delivering covert psychological bullying. It uses information and communication technologies to support deliberate, repeated and hostile behaviour, by an individual or group that is intended to harm others." (Belsey 2007)

Cyberbullying includes, but is not limited to, the following misuses of technology: harassing, teasing, intimidating, racially vilifying or threatening another person by sending or posting inappropriate and hurtful email messages, instant messages, text messages, phone messages, digital pictures or images, of Web site postings (including social network sites eg

facebook or blogs) and the sending, receiving and/or possession of naked or sexually explicit images of a person. Club members must also be aware that postings from their individual accounts, whether done by themselves or another person will remain the responsibility of the account owner.

All members of SAWFL, SACFL and individual clubs must be aware that in certain circumstances where a crime has been committed, they may also be subjected to a criminal investigation by Police over which The League and/or club will have no control. This particularly applies to 'sexting' where the image is of a person under the age of 18 years whereby Police will be informed immediately a club becomes aware of the situation.

### **Procedure**

SAWFL, SACFL and/or club officials or members who feel that they have been the victims of such misuses of technology should save and store the offending material on their computer, mobile phone or other device. They should then print a copy of the material and immediately report the incident to the relevant club/league representative.

All reports of Cyberbullying and other technology misuses will be investigated fully and may result in a notification to Police where the SAWFL, SACFL or club is legally obliged to do so.

If the SAWFL, SACFL's Executive receives a complaint about an online issue, the allegations will be forwarded to the relevant League Investigations Officer.

If there is evidence, charges will be laid and the complaint will proceed to the League's Independent Tribunal, exactly the same as if the investigation relates to physical violence or other reportable offences.

### **Penalties**

Any proved charges will automatically lead to a minimum of a two (2) match suspension for a registered player. In deciding the final penalty, consideration will be given to the seriousness of the act, the impact on the victim, the impact on the club/League/SACFL and the prior good history or otherwise of the player. Players charged with these types of offences for a second or subsequent time and where a suspension has been previously imposed will face expulsion.

Any player presented before a tribunal for the first or subsequent time on a Cyberbullying offence must be aware that the penalties available to the tribunal members will cover the complete range including expulsion. In the case of a non playing club member being proved to have engaged in harassment or bullying, the club employing, engaging or otherwise associated with the person at the time of the conduct shall be deemed to be vicariously liable for the conduct of the person and shall pay to The League a penalty to be determined by The League.

**ANNEX F**  
**to SAWFL By-Laws**
**DISPENSATION POLICY**

The underpinning philosophy of this process is to allow players who are unable to compete in their chronological age group due to their size, experience and/or the inaccessibility of a competition for such age group, the opportunity to be dispensed up or down to an age group that is better suited for them to participate in based on their size, experience and/or the accessibility of such a competition.
