

ROUND 13

AROUND THE GROUNDS

Auskick

Great turn out for our Auskickers this week. A lot of new faces have joined the Magpies Crew. Welcome to the Club.

Under 9 White

Our under 9 White continue to amaze. Both Coaching staff and Players are continuing to learn and each week everyone is demonstrating their new skills.

The players came from behind to beat the Redbacks. Even in the last quarter when the boys played a man down in defence, Jacob and Jebidiah held up their attack so all our young mids and forwards could lead us to victory.

Our "Man of the Match" this week actually went to the WHOLE TEAM. Congratulations to each and every one of our player. They did the Magpies Guernsey proud.

Under 9 Black

U9 Black continued their fine form by getting over a strong Tigers side. Getting first to the ball, group tackles and kicking to team mates is second nature to these Magpies! What a great platform for the years ahead.

Nice specky mark Jack!

Under 10s

These boys and girls just keep on getting better and one of the most positive things was again receiving positive feedback from the opposition (Tigers) coach and also how well they played as a team. Each quarter they are set a goal and they achieved this with ease.

Well done to our captain for the day Rhys H. He was put on the spot at half time and asked to address the team as Captain. Every player agreed with what he had to say. Every player had a great game but some of the standouts were David , Rhys H , Dale and Johannah. Well done everyone and a big thank you to our Team Manager Matt who makes the coaches job so much easier. **Heath, U10s Coach**

U/10's had a big turn out today, thanks to ALL players who swapped teams to even up numbers. It was a fantastic game, everyone got involved and it was a beautiful team effort. Great for the team to have a win. The effort and hard work has paid off. Big effort by all players. Thanks to all the U/9's who backed up for us. **Matt, U10s Team Manager**

Under 11s

A tough game this week against Competition leaders Camden, but our boys and girls held their own. Great tackling and chasing with lots of players competing time and time again. Camden players evened up the numbers and went in even harder against their own team. This team is finishing the season strong and with the finals ahead they are in great form.

Under 13s

As a coach this was a truly pleasing game of football to watch. We have played Camden twice this season, and both times we have lost to mercy rule (more than 10 goals). This game along with how we've played the last few weeks have been different.

From the first bounce we were switched on, competitive and actually kicked the first goal. Camden had to earn their win today. Some momentary lapses in the game and wayward kicking saw us lose the game. But as a coach, I'm pleased and proud of the boys, the level of improvement has been outstanding – 3 games to go and it would be an outstanding sign to win a few more games before the season is done !! Caaarrnn the Pies !
