1.00	Echuca White Vs Echuca United Gold	1.00	Leitchville Gunbower Vs SGR Giants

PRESIDENTS WELCOME

Welcome to the Goulburn Campaspe Junior Football League 2016 Lightning Premiership for the Under 12.

THE GCJFL would like to thank our hosting clubs Echuca, Moama, Echuca United and Runnymede for all there hard work assisting in the running of the day.

Also thank you all the clubs for a great season 2016. Without the hard work and dedication of volunteers a day like today and the season would not be possible.

A special thanks to our league sponsors for their support over the year.

To all players, coaches, club officials and specttors please enjoy the day and I encourage you to support all players in a positive way.

David Trewick

President

RULES & SCORING

- Games consist of two 15 minutes halves. There will be 5 minutes at half time and approximately 5 minutes between games.
- There will be one warning siren one minute prior to the start of each game and again prior to the start of the second half. The start and finish of each half will be signalled with one long siren blast. Games will commence on siren not when the teams are ready.
- 1 point will be awarded to the winner of each half and 2 points to the overall winner of the game. Half a point awarded if teams have equal scores in a half. Where two teams finish equal on points, percentage will determine the division winner.
- Each team must supply their own goal umpire. Goal umpires will umpire their own team's games and must return the scorecards to the Recorder after each game. Central umpires will be supplied by the Rochester & Echuca Umpire Association.
- There are no boundary umpires. If the ball goes out of bounds by foot, whether on the full or not, a free kick will be awarded to the opposing team. A player CANNOT score directly from this free kick. If the ball goes out of bounds but NOT off a player's foot, a ball up shall occur 5 meters inside the boundary at the point where the ball went out. Normal "out of bounds on the full" and "deliberately out of bounds" rules still apply.
- Blood Rule: It is preferable that umpires don't stop play and we ask clubs to replace players affected by the blood rule as soon as possible without interrupting the game.
- Order Off Rule: As per VCFL rules.
- Kicking off the ground is not allowed.
- Size 4 match balls will be used. Match balls will be supplied by the league.
- Teams are to play 18 per side unless both teams agree to play different and a maximum of 6 on the bench.

Don't die trying to be an electrician

This weekend is the annual "Look up and Live" round of country football and Energy Safe Victoria (ESV) is spreading a new warning to country Victorians about the dangers of doing your own electrical work after the tragic electrocution deaths of two farmers in a space of two months.

In November a 75-year-old man was electrocuted at Moorabool while attempting to repair a pump on a rural property. In January a 21-year-old dairy farmer from Yarroweh in the state's north died while attending to a pump in a drainage pit.

ESV has created the DIY=DIE campaign to specifically warn farmers and workers that doing electrical work when unqualified is illegal and can result in death or serious injury.

ESV Director Paul Fearon says "there is no situation where it is safe or acceptable to perform electrical work when unqualified."

"These people may have thought they were saving time or money but they paid with their lives."

"I can't emphasise enough that people in rural areas should always call in qualified electricians to perform any type of electrical installation work."

ESV recommends farmers and rural workers be very careful about how they manage and maintain electrical installations and equipment because they could be putting the lives of themselves and others at risk.

"We know that farmers are adept at a range of skills but electrical work is not something unlicensed people should ever attempt," said Mr Fearon.

"Don't die trying to be an electrician - always call in a licensed tradesperson, no matter how remote the property or how simple the job may appear."

To ensure the safety of workers and property owners Energy Safe Victoria advises:

- Only licensed or registered tradespeople are legally permitted to do gas or electrical work
- A slight tingle or fuses blowing regularly are signs of a serious electrical problem and they need to be investigated by a qualified tradesperson
- Never try fixing electrical equipment or get around the problem by adding extra fuse wire or bypassing circuit breakers
- Water and electricity can be a fatal combination- always turn off a pump before clearing or checking a pump or float switch, entering the water or touching the equipment

More information and safety tips can be found at www.esv.vic.gov.au
