The South Pine Sports Complex, Brendale

Phone: (07) 3325 5474

Postal Address: PO Box 873 ALBANY CREEK QLD 4035

Email: asm@northsidewizards.com

Policy:

A player registered with any club/school team in the Grading season shall not be eligible to transfer to another club/school team until after the end of the Championship season or at the end of the Summer season of the same year. Mid-season transfers will not be permitted without extenuating circumstances. The player must first obtain written clearance from an authorised representative of their current club or school team in the prescribed format.

If a clearance is obtained from their current club or school team, the player must then submit the signed clearance to the NWB Competitions Manager for consideration of the transfer. In considering the transfer request, the NWB Competitions Manager will assess the potential impact on the current club or school team and the relevant competition. If the transfer is not considered to be in the best interests of the competition it will not be approved. The clearance and transfer approval must be provided in writing prior to playing with the proposed new club or school team (allow 10 working days from date of submission). Transfer request forms can be obtained from the NWB website.

The following process schedule shall apply to all requests for transfer:

1. Obtain Inter Club Player Transfer Application form from NWB website
2. Complete and submit to current Club committee member/school team contact for endorsement. (NB: The club/school representative may elect to object to a transfer request).
3. Submit to proposed new club committee/school team contact for endorsement. (NB: The new club/school representative may elect to object to a transfer).
4. Submit completed (with signatures from both clubs) application form to NWB Competitions Manager for consideration.
5. Within two (2) working days, if required, the document will be distributed to the Junior Competition Committee for discussion.
6. Within five (5) working days of distribution, feedback will be required by committee representatives.
7. Within a further three (3) working days a decision will be communicated to the applicant and the relevant clubs/school teams.
8. If an extension is required by any party concerned, notification must be sent to the applicant, relevant clubs/school teams and the NWB Competitions Manager with the ten (10) day period. If no notification is provided within the ten (10) day period, the transfer will be considered approved.

Please note: A transfer can be declined automatically for any of the following reasons:

1. Outstanding fees (not restricted to club fees)
2. Outstanding property (eg: playing uniform, training equipment)
3. Pending tribunal or judiciary matters

The following penalties will apply for players that play without an approved transfer:

- Forfeiture of competition points for the game in which the unregistered or ineligible player participates
- Removal of the team from the competition for persistent breaches.
