- Clubs will raise the player transfer/permit via SportsTG. All permits under a local area agreement are to be raised as a type 2 interchange permit.
- The players former club will have up to 6 business days to respond to the transfer/Permit application. Clubs must allow for this time in order to get a player transferred to their club and be eligible to play.
- The departing League and the incumbent League will have to approve the transfer/Permit
- The incumbent club must accept the transfer/Permit
- To be eligible to play at the new club the player must accept the online clearance via their email. Once this last stage has occurred the player will be able to be electronically submitted on the team sheet.

Please note: Under rule 3.15 – Players who have not played for 24 months are able to apply for registration at the new club at any time. The new club **MUST** complete a clearance for this player as above before taking the field. The former club cannot deny this clearance.
