

# Tanunda Football Club

## Drug & Alcohol Policy

---

### Introduction

The Tanunda Football Club is committed to providing a safe, healthy, family friendly and successful sporting environment. All members of the Tanunda Football Club have a responsibility to ensure that they take reasonable care to protect their own health and safety and that of others whilst in this environment by not being affected by alcohol or other drugs to the extent that it impacts on their own or another person's recreational enjoyment or safety.

### Definitions

For the purpose of this Policy, the Tanunda Football Club defines alcohol and drugs as follows:

"Alcohol" refers to any beverage, containing an alcoholic content that temporarily impairs a person's physical or mental capacity.

"Drugs" refers to a chemical substance, whether it is legal or illegal, which may have the ability to impair a person's physical or mental capacity. These can include non-prescribed drugs, for example, but not limited to, speed, heroin, amphetamines, LSD, crack, cocaine, ecstasy, marijuana, etc.

"Member" refers to any playing or social member associated with the Tanunda Football Club, whether financial (fee-paying) or not.

### Where does this policy apply?

This policy applies whenever the individual is taking part in activities under the club's jurisdiction. This includes our club's facilities, games, matches, training, events and trips organised by the club.

Private behaviour of members is not included in this policy as the club cannot be responsible for the behaviour of its members outside our club's jurisdiction; however, this policy will apply whenever an individual is wearing a part of the official club uniform which would identify them as being a representative of the club.

## Illicit Drugs and their Effects

*Includes a wide range of different substances such as petrol, spray paints, some glues, laughing gas (nitrous oxide), butane and other chemicals.*

## Medically Prescribed Drugs

In circumstances where a member is taking medically prescribed drugs to manage a specific condition that may interfere with their playing performance, they are required to notify their coach. The coach, in consultation with the player, may make adjustments to the match requirements of the player concerned.

## Driving under the influence

In accordance with the Liquor Licensing Act and South Australian law, members of the Tanunda Football Club are not permitted to drive a vehicle, whether their own or not, when that person has consumed alcohol or other drugs. The Tanunda Football Club will accept no liability for any damage to a vehicle, injury to any person, or damage or injury to any third party, incurred while the driver of a vehicle is in breach of this Act or the law. All liabilities will rest with the driver concerned.

## Non-compliance with this Policy

The effects of intoxication and the regular use of or dependence on alcohol or other drugs are associated with impaired judgement and skills, reduced concentration, erratic behavior, aggression and violence, absenteeism and increased accidents. These behaviors and activities may seriously affect member safety and ethical standards within the Tanunda Football Club.

Members who have concerns about playing or associating with any other playing or social member due to possible alcohol or other drug use should consult with the President of the Tanunda Football Club immediately.

All members of the Tanunda Football Club are prohibited from selling, distributing, manufacturing, possessing or consuming drugs when on the premises of the Tanunda Football Club or at any club function. Alcohol will not be consumed by a player whilst a he is engaged in a game.

Playing members are prohibited from arriving to a match or returning to a match from any break under the influence of alcohol or other drugs.

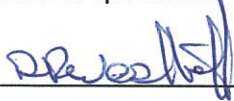

The right of members to consume alcohol or take other drugs socially is acknowledged, however it is inappropriate to do so at the Tanunda Football Club as it places others at risk of harm and brings the Tanunda Football Club and it's 'family friendly' environment into disrepute. Therefore, the Tanunda Football Club reserves the right to take action if a member is:

- affected by alcohol or other drugs, so as to endanger their own safety or the safety of any other person in the during the course of a match or social club function;
- found in the possession of drugs or unauthorised drug use equipment on the Tanunda Football Club premises; or
- affected by alcohol or other drugs, so that the member's performance is affected
- known to be acknowledging significant use or involvement in production of illegal drugs or alcohol via friendship groups, social media, playing groups or family.

Should these issues be brought to the attention any of the Tanunda Football Club Committee members or coaching staff, the Tanunda Football Club may take the following action, enacted by any member of the Committee or coaching staff after appropriate and confidential discussion:

- Immediately approach the member to discuss the issue and it's implications
- suspend the player/member from matches or club functions where appropriate until the matter is resolved to the satisfaction of the committee and coaching staff
- remove the member from club functions if they pose a risk to themselves or others.
- Immediately contact emergency services if there is suspicion of a drug overdose at any club function
- counsel the player internally regarding their use of alcohol or drugs
- refer the player to appropriate organisations to address the misuse or abuse of illicit substances;

The Tanunda Football Club reserves the right to search its premises for illicit drugs and confiscate the substance in question.
