President's Report

Welcome to season 2018.

It's great to see so many players registering and training with our club. Unfortunately our numbers have been down in the **under 16** age group which means we will only have **one side** this season. All other grades will be the same as last season, meaning we will have **13 sides**. This of course means a lot of administration and organising is required by the **committee** and I thank them for their commitment, dedication and **hard work** over the last five months.

Please remember, all coaches, team managers and committee members are **volunteers** when you're having interactions with them. No one is perfect but everyone **does their best**.

Training for all sides except the under 9 and under 10 age groups has been underway for some time now. It's great to see so many **new coaches** at the club and they have quickly put their stamp on their respective teams as far as **fitness and discipline** goes.

The under 9 and under 10 sides will commence straight after the school holidays.

All the best to everyone for a fun 2018.
