

2019 COFFS HARBOUR COACHES APPLICATION FORM

Coffs Harbour Basketball Association is pleased to open the applications for the 2019 Head Coach positions. We actively encourage players, parents, members and all those interested in coaching to apply to coach within the Coffs Harbour Basketball program. Nominations are being sought for all Coffs Harbour Basketball teams including Division 1 and Division 2 Head Coach positions.

Division 1 Head Coaches

The appointments process for Division 1 Head Coach positions is managed by the CHBA Coaching Director and Coaching Sub-Committee with an interview process where required and appointments to be ratified by CHBA Board of Management.

The Division 1 Head coach is accountable for planning, developing, coordinating and ensuring that the basketball training programs being delivered within that age program address improvement in the basic skills and fundamentals of the association, players and coaches.

CHBA adopt an approach where we combine our Division 1 and Division 2 teams for a joint training session each week. The Division 1 coach has an obligation to develop their program beyond their individual team. As such the Division 1 coach should be structuring their joint session around the continued development of ALL players and coaches within the age group.

The on-going development role of a Division 1 Head coach requires the understanding of coaching players within an age-group not just their own individual team.

The Division 1 Head Coach will:

1. Attend all training sessions and games throughout the basketball season from beginning until end and have an onus to organise an appropriately qualified replacement when unable to attend
2. Assist coaches within their age group through providing opportunity, resource material and advice (where appropriate) to aid the development of individual and team coaching skills
3. Play a major role in the team selections for the age group
4. Attend monthly coach's meetings as called by the CHBA Coaching Committee

Division 2 Head Coaches

The appointments process for Division 2 Head Coach positions is managed by the CHBA Coaching Director and Coaching Sub-Committee with an interview process where required and appointments ratified by CHBA Board of Management.

The Division 2 Head coach will:

1. Attend all training sessions and games throughout the basketball season from beginning until end and have an onus to organise an appropriately qualified replacement when unable to attend
2. Work together with the Division 1 Head coach and accept the advice and opportunity to develop individual and team coaching skills
3. Play a role in the team selections for the age group
4. Attend coach's meetings as called by the CHBA Coaching Committee
