Yarragon Football Netball Club would like to partner with you and offer a platform for you to interact with our Club and throughout our league, enabling you to

- Relay key business messages to a captive and relevant local audience
- Provide ways for you to inform our members of your business activities
- Strengthen existing relationships through networking at events
- Receive recognition for your business within our database
- Show your organisations support for our shared, local community

With a \$500,000 upgrade to the ground completed in 2016 and a recently installed electronic scoreboard and new public address system Yarragon's Downton Park, is now home to arguably the best football and netball facilities in the Mid-Gippsland League.

Season 2019 Events

Sponsors will be notified of dates when the 2019 Draw is released.

Yarragon Football Netball Club are not willing to seek short term success to the detriment of long term survival, an issue that is very concerning in country football at the present time. To continue as a community club we are asking for the assistance of our local businesses please.

This season we have a strong team of committed volunteers, led by President Ross Follett and a great playing group of footballers and netballers. Our coaching staff and team assistants have been finalised and our players are excited and motivated to be back at pre-season training.

We thank you for showing an interest in our success and look forward to continuing our relationship further.

For additional information or to register your support of our Club please contact Ross Follett 0418 512 074, Tony Harvey-Hall 0434 017 336 or Caitlyn Guppy 0432 670.
