

2019 Junior Area Permit Agreement Between Central Highlands FL & Mininera & District Football League

A **junior** player who is registered with a MDFL or CHFL club and wishes to play football for a MDFL or CHFL (does not apply to U12's grade) club on an Interchange Agreement, must follow the process below. Please note players only need to complete this form once annually for it to be current for the entire season:

Step 1: Contact your League Secretary for an Interchange Agreement Form

Step 2: Complete all sections of the form in the 'Player' section.

Step 3: Scan the completed form to the Secretary of the League in which you wish to play.

Step 4: The League Secretary will complete the 'League' section of the form and keep on file for the entire season. The Interchange Agreement will then be keyed into the system as a 'Type 2 Interchange Permit'.

Step 5: Club Secretaries will be informed of the Interchange Agreement by automated email which is generated by the system when it is entered.

Step 6: Once the player has submitted the interchange form to the League Secretary, they must ensure their interchange club clearly marks '**Area Permit**' on the team sheet next to their name each time they play so that the League can record each match played on an interchange agreement.

Important Note – This process must be carried out by 5pm on the Friday evening prior to the match taking part in. A fine of \$100 for the first offence shall be issued to the offending club who do not obtain permission from both League Administrators prior to the match, any further breaches will be charged at \$250 per offence which is the maximum penalty allowed by AFL Victoria Country.

HOWEVER:

1. Players must only compete in one match per day. Therefore, any player requesting an interchange to another club is forfeiting their right to play with their home club if the match is on the same day.
2. A player must have competed in at least one home and away match for their registered club before being eligible to apply for an interchange agreement to play with another club.
3. The number of players permitted to interchange from any club in any week must **not exceed 5 players**
4. The games that can be played by any player under this agreement are home and away games only (no finals matches).
5. Clubs must ensure they inform their opposition that they will be playing interchange players and must clearly mark '**Area Permit**' on the team sheet next to the name of the player in question.
6. Players found guilty of breaching this agreement shall be suspended for a total of 4 matches.
7. Clubs found guilty of breaching this agreement shall be stripped of any premiership points and percentage gained from each game consisting of a player who has breached this agreement.
8. If there are any issues with the submission of an interchange form, the League Administrator will contact the player/club in question.

9. Both leagues will keep a record of all players who play in each match on an interchange agreement.
10. This agreement **does not include finals matches**. Under no circumstances can a player play in a final under this interchange agreement.
