RULES & SCORING

- Games consist of two 12 minutes halves. There will be 3 minutes at half time and 3 minutes between games.
- There will be one warning siren one minute prior to the start of each game and again prior to the start of the second half. The start and finish of each half will be signalled with one long siren blast. Games will commence on siren not when the teams are ready.
- Each team must supply their own goal umpire. Goal umpires will umpire their own team's games and must return the scorecards to the Recorder after each game. Central umpires will be supplied by the Rochester & Echuca Umpire Association.
- The point's allocation is as follows:
 - 1 points for the winner of each half;
 - Half a point if teams have equal scores in a half
 - 2 point for the overall winner of the game; and
- In the case of a tie in points, the team with the better percentage becomes the premier.
- Teams named first shall kick towards northern/eastern end.
- Team Managers must report to the Recorder located in club rooms upon arrival and hand in 1 team sheet, collect scorecards and teams playing first are to complete a ground report.
- Blood Rule: It is preferable that umpires don't stop play and we ask clubs to replace players affected by the blood rule as soon as possible without interrupting the game.
- Order Off Rule: As per AFL Victoria Country Rules.
- There are no boundary umpires. If the ball goes out of bounds by foot, whether on the full or not, a free kick will be awarded to the opposing team. A player CANNOT score directly from this free kick. Normal "out of bounds on the full" and "deliberately out of bounds" rules still apply.
- Kicking off the ground is not allowed.
- Size 3 synthetic match balls will be used. Match balls will be supplied by the league.

COMMISSION RELEASES JUNIOR REVIEW FINAL REPORT

After 12 months of surveys, workshops, discussions and debates the AFL Goulburn Murray Commission has handed down its final report of the Junior Football Future Directions Project.

The project was launched in June 2017 as a priority project with significant implications to AFL Goulburn Murray's core responsibilities and is consistent with the Commission's strategic direction of managing the future of football in the region.

With a focus on examining the structure and format of junior football in the Goulburn Murray region and design and recommending a model for the future the project established four specific project teams made up of club and League volunteers to consider:

- The best practice governance model for the region's three standalone junior football leagues
- The competition structures in junior football to ensure appropriate playing opportunities are provided
- The pathway of players coming into junior football and the transition of players into senior ranks
- The playing conditions and rules of junior football and the application of the AFL Junior Match Policy

AFL Goulburn Murray Chairman Peter Foott acknowledged the amount of work which has gone into the project.

"This has been a major undertaking of the Commission over the past 12 months" he said.

"The project commenced with a survey of stakeholders last year which provided some valuable insights and data to set the ball rolling and provide some initial discussions."

"27 club and league volunteers were then engaged in the Project Team workshops and the outcome of their discussions have really driven this project and the direction it has taken."

"Following the release of the 27 draft recommendations in November 2017 a feedback window was provided for stakeholders to submit their views and opinions on all or any of the recommendations. In all, 22 written submissions were received for consideration of the Steering Committee."

"The Steering Committee have also met countless times to discuss and debate issues and to model possible scenarios and there have also been many meetings with potentially impacted stakeholders to gain their feedback and troubleshoot ideas."

"When considering the submissions received during the feedback window and the feedback from the Steering Committee the Commission formally adopted 21 of the 27 recommendations with immediate effect."

"Additionally, this project has brought to the surface a number of issues regarding the relationship that currently exists between the senior and junior bodies within the same club. There are a number of clubs who, whilst they wear the same jumper colours and carry the same name, do not share a coordinated and consistent relationship."

"This is a concern to the Commission and a program is to be developed to facilitate a 'whole of club' philosophy to encourage and foster relationships to better link player pathways between juniors and seniors."

"As well as the recommendations a key outcome from this project has been the discussions it has started, the issues that have been debated and the ideas it has generated as the Commission has looked into the future as to what junior structure is the most appropriate to serve the sustainability of our clubs and the best interests of the game. Importantly, these conversations need to continue to evolve into the future."

FOOTY FEUD DRIVING JUNIOR GAME DEVELOPMENT WHILST FURTHERING NUMERACY

AFL Goulburn Murray has secured a new partnership with Footy Feud, an Australian football themed-card game.

To kick off the partnership, all Seymour District Junior Football Netball League clubs will receive a pack of the game for their Under 10 and Under 12 teams to award as they see fit on a game between now and the end of the 2018 season.

AFL Goulburn Murray Commercial & Marketing Officer, Tegan Fairley, sees the partnership as a great way to link footy and academic development.

“Footy Feud is taking the school world by storm at the moment”, she said.

“As a footy themed game, it promotes fun and engagements as well as developing the numeracy skills of players.”

“By bringing together footy fun and numeracy skills, the game is a great way for children to engage in our great game whilst adding to their academic performance”.

“As well as providing awards as prizes, the packs will be available to purchase from our office at the recommended retail price of \$15.00”

What is Footy Feud?

- Footy Feud is an AFL-themed card game, loved by kids for being fun and easy to learn (...and also by parents for improving numeracy skills).
- The cards are worth different footy scores, while rare FEUD CARDS deliver BIG twists to ensure no two games are ever the same.
- Whoever has the highest score at the end of the four quarters wins.
