

Country Basketball League
Under Age Players
Policy and Indemnification

The CBL is conscious of its obligations to players and parents in the conduct of the league.

The league adopts a principle that players aged under 18 can be found to be too young for CBL competition, which is a senior competition.

At the same time the league acknowledges that some players under the age of 18 are physically capable of competing in our competitions and therefore does not prohibit these players from joining and places minimal limits on when they may train or compete.

Parents and Players should be aware that:

- Players under the age of 18 will be consistently exposed to older and physically stronger athletes.
- Players under the age of 18 will often be traveling, training and playing in an adult environment.

Indemnification

I acknowledge the league's statements in relation to players under the age of 18, and have discussed with the club the circumstances under which my child will be playing, training and traveling. I acknowledge that there may be greater risk of injury as a result of my child playing in a senior competition. Notwithstanding that greater risk, I consent to my child playing in those circumstances.

I acknowledge and accept that my child is playing with Players who are over the age of 18 years. I understand and accept that my child is forbidden from being involved in activities that adults are allowed to be involved in. I accept that the club has advised me of that fact. I accept the club and their representatives will take all reasonable and proper steps to prevent my child from being involved in adult activities. I accept that all responsibility in respect to my child traveling, playing, training and being involved with the team is my responsibility and that I should take reasonable and proper care in respect to my child.

I indemnify Basketball Victoria Inc. as operators of the Country Basketball League and the league member club named here against any suit, action, demand or proceeding for any injury, incident, event or happening which my child or any other person might have arising out of my child's involvement in playing in the CBL (which includes the act of playing or any involvement by the child whilst he/she is with the team) which is attributable to the fact that he/she is under 18 years of age. I release Basketball Victoria Inc. and the league and the club from any claim, suit, action, demand or loss which either myself or my child might have whatsoever and wheresoever.
