

Albury Basketball 2020 Representative Team Selections

Good afternoon everyone

On behalf of the Albury Basketball Association we would like to thank the following:

- All the athletes that tried out across all of the age divisions
- Our fantastic coaches that give their time so generously
- All of the parents, guardians and helpers that make our rep program the success that it is.

IMPORTANT NOTICE

Before you move on to read the team selections, we have an important notice to share with you.

Albury Basketball has nominated to enter the number of teams you will see below for the upcoming SJL Season. BNSW has changed the way Officials (referees) are to be nominated and there are quotas that must be met based on the number of teams you enter and the age divisions you enter them in.

Albury Basketball has been informed by BNSW that at the current time we have not met their requirements which may impact the number of teams they will allow us to enter. We are in continued discussions with BNSW to work toward finding a solution however at the time of writing this announcement this remains unresolved.

In the event a decision is made by BNSW to not let the Albury Basketball Association enter the number of teams we would like to, the Association will look at other opportunities (e.g. Basketball Tournaments) for those athletes that may miss out on an opportunity to compete in the SJL.

We will provide further updates as they come to hand.

Team Selections

The trials for the 2020 Representative Season continued to see further growth in the number of athletes trying out across the age divisions both boys and girls. It was great to see so many young athletes continuing to develop and improve as basketball players.

This growth in numbers and ongoing development of our athletes makes selecting teams challenging for our coaching group and decisions are made in collaboration with multiple coaches to ensure we have multiple sets of eyes watching our athletes and contributing to the final decisions.

As was communicated prior to the trial process taking place we look for more than just basketball skills when selecting teams. Our trial process was underpinned by the following:

<ul style="list-style-type: none">• Ability to listen and follow instructions• Basketball skills• Athletic ability• Attitude• Work ethic	<ul style="list-style-type: none">• Potential• Physical Attributes• Feel for the game• Coachability• Commitment• Team Balance

Please remember, being selected in the Albury Basketball Representative Program is a fantastic achievement regardless of the team an athlete is selected to. Representative players continue to learn and develop through squad training which is just as valuable as their on-court experience.

We ask that all athletes, parents and guardians respect the decision of the coaching group and be supportive as we enter the 2020 season.
