CLASSROOM CHATS

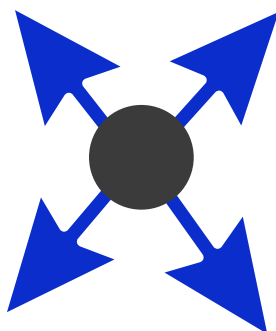

ALL COACHES - expect Willie (Coach Director) and Ricky (Jr Performance Manager) to have brief meetings with you (per age group squads) during the Australia Day Carnival weekend to discuss implementing more common structures to follow OR integrate into their existing offense and defenses.

It's not about taking over your style but working together to create a more cohesive culture. It's also a chance for lesser experienced coaches to deepen their understanding of our systems.

Constructive feedback and a willingness to engage is essential!
