Who is your favourite AFL player and why?

Tony Lockett is my favourite player as he was one of the best players in AFL right at the time I started becoming a fan of the game. He is the highest goal scoring in the history of AFL.

What is your favourite pre game song?

I actually don't have a favourite pre game song, I mostly just love it when I hear my girls shouting, cheering and pumping each other up before they run on the field.

What got you interested in AFL?

It was actually our U13's magpies coach Heath Newman. He was a fanatic when we meet and I guess his love of the game rubbed off on me. I use to go watch all his games at Memorial oval when he played for the U16's Ingleburn Magpies back in '98.
