Hazel Montgomery was the Treasurer for BSA from 1974-1976 before taking on the Presidency for 6 years from 1978-1984.

Many have described Hazel as an honest and tenacious woman who had a total love for the game. She was known to have called a spade a spade and if she truly believed in something she would drive hard to see it come to fruition. She was great fun to be around with a wicked sense of humour and although considered a tough cookie on the outside, she was a softy underneath this exterior.
