Tangos Coach

Thank you so much for volunteering to be a coach of one of the many Tangos Basketball Club teams. The coach role is extremely important for the team to have a successful season. This document is a guide only to being a Tangos coach.

1. Ensure all parents, players and managers are following the "Willetton way of conduct".
2. If you notice any behaviour during games that you consider inappropriate for junior sport, politely ask the Referee Supervisor (green shirt, court controller's office or court side) to observe the behaviour and allow them to take any necessary action.
3. Please refrain from becoming involved in any argument or criticism of Referees, opposition Coaches, players, parents or supporters.
4. All game day complaints should be made in writing at the court controller's office.
5. If your team is training, please make good use of the training court. Training courts are limited and some teams are not able to get a training season. If you are no longer using the training court, please let us know so we can allocate it to a team that requires one.
6. Ensure your players are wearing mouth guards.
7. Ensure your players are wearing the Tangos playing socks.
8. Ensure that your players are not wearing jewellery. Long pony tails etc must be tucked into the singlet while playing.
9. Please aim to give players equal/similar game time.
10. Ensure all parents and players of your team are aware of the Tangos website address. www.tangosbc.asn.au.
11. Ensure your players are informed, that they must let you know if they are not available to train or play.
12. Check the fixtures on our website regularly.
13. Ensure parents are aware of the official Sporting Pulse and Willetton Tigers app from their mobile device app store.
14. Under 8s and 10s fixture change every 6 weeks, so it's important to check fixture regularly.
