Presidents Report

Chandler Reserve Home of the Emerald Bombers

Welcome to the first edition of the Red & Black Magazine for 2017, on behalf of the Emerald Football Netball Club we welcome the AFL Yarra Ranges league officials and the Mt Evelyn Football Netball Club to Chandler Reserve home of the Mighty Emerald Bombers.

As this is the first edition of the Red & Black magazine for the 2017 season I would like to take this opportunity to sincerely thank our committee and volunteers who have collectively done an amazing job preparing for the season ahead.

The 2017 preparations kicked off in October with the task of recruiting an entirely new coaching department for both Football & Netball and I'm please to advise that we have appointed a group of very successful and accomplished coaches to lead our club to the next stage of our development plan and becoming a successful club within Division 1 both on and off the field. You can read more about our senior football and netball coaches within this 1st edition of Red & Black.

Many of you today will be arriving and entering our new club house for the first time since it was completed in February this year. This project has been ongoing for many years and if it wasn't for the vision and dedication of Bill and Robyn Kuys along with the Emerald Sporting Club Committee, the many volunteer tradesmen lead by Mick Husenvelt who managed the project in his own time and for NO reward then this reality wouldn't have been possible.

You guys have built an absolutely magnificent facility for all to enjoy for many years to come and you should be extremely proud of what you have achieved. On behalf of everyone within the Emerald Football Netball Club and the local community we take our hat off to you and sincerely thank you for what you have done for so many to benefit from.

Complimenting this we had the Grounds Committee of Management lead by Tim Sproule and Brad Wynn oversee the refurbishment of the change rooms and canteen facilities which I'm sure you will all agree are first class. Again we thank you and the Cardina Shire for managing the project bringing our changes rooms up to a standard we can all be proud of.

To all teams best of luck for today and may the best team win.....Go Bombers!

Dean Stuhldreier
President
Emerald Football Netball Club

Netball Coach

It's with pleasure and excitement that after an exhaustive search we can now announce the appointment Frances Duiker (married name Beauchamp) as the A Grade Coach of the Emerald Football Netball Club.

Fran started her netball career playing locally with the Cranbourne Eagles netball club at the age of 8.

Fortunately for Fran, she was graced with height from an early age which made her stand out from the crowd. An easy target for scouts that snapped up young talent and height to take to the Victorian netball league in the city. This move would be the start of long and rewarding netball career.

- . Fran has represented her state at U17, U19, U21 and open division.
- . Awarded an Australian Institute of Sport Scholarship, spending 3 years in Canberra.
- . Represented the AIS in the Esso Super League and went on to making the Australian under 21 netball team.

Upon returning to Victoria at the end of her scholarship, Fran played with the Palladian's netball club in the Victorian State League competition.

Retiring at 31, Fran wanted to continue giving back to the netball community through coaching. Fran's coaching experience includes Coordinator and head coach for Melbourne Girls Grammar netball club, senior coach at Fintona and supporting the Net Set Go program with Boroondara netball.

Fran is passionate about women in sport, supporting local netball and working with young women to achieve their goals.

Fran is an Executive Manager with Melbourne Water, married to Anthony with 3 children, who like her, love their sport!

We welcome Fran to the Emerald Football Netball Club and look forward to her valuable contribution assisting our netballers to reach their full potential.

NETBALL

Emerald v Monbulk

Round 1&2

Round 1 was played on our new resurfaced courts on what was to be a very warm day in autumn. Much anticipation surrounded round 1, with new combinations and players across all four teams and a competitive day ahead.

All four teams showed a renewed level of confidence as each of the games progressed and whilst the score board didn't reflect our efforts on the day, it certainly set the scene for a promising season ahead.

Highlights of the day - a fantastic start to the day from the D team, holding Monbulk for three quarters. C were persistent and impressive in defence. Monbulk's height up the front and defence end across the A and B team, initially created havoc, however the girls settled and played our style of netball; with speed and agility. The A team were strong all day, but unfortunately we couldn't hold Monbulk and they ran away with the game in the last quarter. Lots of positives to take away from round 1, knowing that all four teams were right there with Monbulk for most of the day.

A big thank you to Bev, Jenny, Caitlin, Shelley and Mary for getting us to round 1 with uniforms, registrations, communications and helping a newbie like me getting to know the ins and outs of the club. One thing certainly stands out, how willing everyone is ready to pitch in when needed.

Looking forward to a great season ahead!

Round 2 we welcomed back Jody Terry from her overseas holiday, ready to play but also ready to coach C & D.

One word to describe round 2 – **SUCCESS!** Whilst we didn't quite get a win in D, came so close in C, we really found our own in B and A grade coming home with significant wins for both teams. The difference between round 1 and this round, confidence and the way in which we went about each quarter of the game. A clear plan and each team member contributing to the success of the day.

You know it's been a successful day as a playing group when it's really difficult to decide who was best on court for the day.

A great second round. Well done girls.

Make sure you all get back to **The Hanger** for awards after each home game which will commence from 5.30pm

Fran, Jody, Caitlin and Bev.

Senior Football Coach Profile

The Emerald Football Netball Club has great pleasure in announcing Glenn Dale as the Senior Coach for season 2017.

Following a lengthy process of interviews by the coaching subcommittee, there was unanimous support for Glenn and we are excited to have him join our club for the upcoming season says newly elected Club President Dean Stuhldreier.

Glenn has played over 250 games in the Eastern Football League Division 1 with Scoresby and Clayton under coaches Dean Grieg and Dean Rice before moving into coaching where he held senior coaching positions with Berwick and Lang Lang Football clubs. Glenn was also a senior assistant coach with VFL club Casey Scorpions over a 2 year period.

'I'm excited by the challenge of joining Emerald in the AFL Yarra Rangers Division 1 competition and take its young and promising list to another level. I have a real passion to see the development of players improve and my challenge is to work with the current group, develop our U18's squad and give every player every opportunity to play senior football and continue to introduce new players into the club' Dale said.

Joining Dale as senior assistant coach is Stuart Pierce from Doveton Football Club affiliated in the South Eastern Football League and playing assistant Grant MacArthur who has played the past 10 years with Eastern Football League powerhouse club Vermont as full forward come CHB of the senior team.

Our Reserves coach for 2017 is Matt Osbourne who has many years playing / coaching and most recently held the role of assistant coach of the Doveton Football Club.

Under 18 coaching staff for 2017 is Paul Preston assisted by senior player Damian Volta and Danny Thomas. Between Danny and Paul collectively they have coached and won more than 10 premierships with Emerald Junior Football Club.

Round 1 - Home

Seniors

Emerald v Monbulk

Well, finally the day arrived. After five and a half months, approximately 37 training sessions, a very eventful pre-season camp and 2 practice match comfortable wins, we could finally test ourselves and our game style against quality opposition.

We went into the game without two of our five-man leadership group, Matty Domp and Jarryd Donders due to hand injuries, but were confident we could cover their loss. The significance of the game and what it meant wasn't lost on the group and collectively put our arms around the Thomas Boys and played with the spirit necessary for the occasion. The boys started strongly and if it wasn't for some inaccuracy we could have had a stronger hold on the game.

Our transition had Monbulk on the back foot and the midfield attacked the contest with unconditional vigor. The game evened itself out for the rest of the half and we went into half time 20 points up.

The third quarter dealt us a blow with Big Triffo being sent off in a dubious decision, and our boys were made to fight one man down for 25 minutes.

Our mids through Whitey, Karrots and Mikey worked extremely hard and Paully held his own in the Ruck, while the back six lead by Ports and Brendo were awesome in the defensive half. We were able to gain some control back after Monbulk kicked a couple of goals and we went into the final term 20 points ahead.

The final quarter was extremely hard fought. Monbulk challenged us and got within a few goals but we were able to steady, and with the hard work and leadership of Shaneo, Coxy and Casey down back, Shepp and Voltz ball winning ability, and Soup, Mitchy, Stepho and Jake Pedder's forward pressure, we were able to get back on top and come away with the points. Congratulations boys, great commitment, spirit, team effort and a terrific tribute to Jack, Mitch and the Thomas Family. Let's Build On This.

Cheers Daley

Round 2 - Away

Seniors Gembrook vs Emerald

Well, we knew what we were going to get on Saturday and to the boys credit we came through it with a win.

Gembrook came at us hard all day and our boys at times struggled with the pressure, but put their heads down and ass's up in the last quarter to kick 5 unanswered goals and take the points.

It was impressive to see some of our young players drive the last quarter effort and they were supported by our more senior group. Our mids, although quiet for parts of the game got on top of Gembrook with Voltz, Domp and Shepp leading the way. Steve Paull had to take most of the running due to Triff injury and did an awesome job.

Jake Pedder was very good and Mitch Pierce was at his energetic best. Ports lead another strong backline performance by our back 7 group and our forwards finished off their hard work.

Another box ticked boys, but a lot of improvement needed on that performance to be competitive as the season rolls on. Well Done.

Cheers Daley

Round 1- Home

Reserves

Emerald v Monbulk

On a very special day for the club, the 2's started off on a positive note with the senior leadership group announcing Zac and Damien Rozenboom as co-captains of the reserves for 2017. They join the senior leadership group along with Harry Leo, Harry Laing and Ryan Davies. After looking at the line up, I was very optimistic of our chances in the game due to having talent on every line. Our theme for the day centered on the Thomas family with the determination to play at a level that did justice to the day. While Monbulk dominated clearances early, the Bombers clawed their way back quickly, going into the first change 1 goal up. From quarter time, the Bombers talent emerged to get on top of the opposition, with the mid field now taking charge of Monbulk's talented on ballers. With Sully, Jai and Fids, especially prominent in driving the ball forward to the forward line and who were able to capitalise on the mid field dominance. The whole team was provided with an outstanding example of pressure football by Emerald Debutant Jayden O'Brien, playing in an unfamiliar role in the ruck. With Jayden following up ruck contest with countless tackles and repeat efforts, the whole competition was given the perfect example of why all Emerald teams will be tuff to play against this season. While our game plan emphasises a team defence approach, which all players committed too, our back line stood out and earned high praise from many spectators. Lead by playing assistant Trent Wilson, the Emerald reserves back line will be an extremely

difficult assignment for any forward line in the reserve competition. Special mention must go out to the 2 under 18's Nick Pascoe and Tanner Thomsen, who looked at ease at senior level by being considered among our best on the day. Great start to the season with Emerald running out winners 11 6 72 to Monbulk 6 10 46. With real meaningful contributions from all 22 players, I could not have asked for a more positive start to the season. We now look to take another step forward in our development as we take on Gembrook in round 2.

Cheers Ozzie

Round 2- Away

Reserves Gembrook v Emerald

The rivalry between Gembrook had been a talking point at the club all week, with the depth of the rivalry obvious as the ball bounced to commence the game.

Our co-captain Damo Rozenboom set the tone right from the start by coming off half back running hard and straight at the contest and making an impact by crashing through while gathering the ball. Whilst our intensity and commitment to the contest remained good throughout the first quarter it was Gembrook who worked harder initially, being rewarded by taking a 3 point lead into quarter time.

We addressed the fact we had just been beaten in an aspect of the game we strive to be the competition' best at; **Intensity and Effort**.

As the second quarter began it was obvious the intensity had lifted, from the moment the second quarter began the Bombers began winning the contests and stoppages and coupled with a more concerted effort and commitment to our game plan structures, the opposition was forced into mistakes and turnovers with a couple of turn overs resulting directly in successful shots at goal. When the half time siren sounded the Bombers went to the break 4 goals up despite some inaccuracy in front of goal.

The second half's focus was to maintain the discipline of team defence while moving the ball on the counter attack with quick ball movement, something that was accomplished throughout the remainder of the game.

We had many notable contributions throughout the game with Harry Lang and Harry Leo running the opposition ruckman into the ground. Both Harry's followed up the stoppages utilising their mobility to get around the ground like midfielders. The backline was again rock solid, this week bolstered by the addition of Jason Burns, and giving up just 4 goals to a very determined Gembrook on their home deck illustrates why our backline is held in high regard.

Jason Vellas switched between playing a role off half back and changing into the midfield, Jase had a great game cutting down the opposition many times with impressive reading of the play and followed up with counter attack with clean possession that linked teammates up further afield. Mitch Evans also got busy in the midfield and showed why he can also play a big part in Emerald's quest for a finals berth this season. Final result, Bombers by 44 points.

Team Effort

Round 1 - Home

Under 18's Emerald v Monbulk

Damien Volta started well in his new role as Assistant Coach working with the midfield. This will be a big challenge for Damo, as he has his own football to commit to as a senior player at our Club. But, I know our young group feel privileged to have such a highly regarded player helping them make the transition from Under 18's to the senior level.

Danny and I would like to thank Karen Johns for stepping up as our Team manager for the 2017 season. Karen will need parent help on game day with goal umpiring and water carriers. Please see Karen on game days if you are happy to help.

Thank you to Suzie and the girls for your dedication during the week and game day. Nutters, Wombat & Mums and Dads appreciate your support game days and finally to our Football Committee for your efforts over the past 6 months. A huge commitment has paid off with success on and off the field.

To our sponsors and supporters we thank you for your continued support.

Paul, Danny, Damo & Karen

Pre-Season:

A slow start for the Under 18's with just a hand full having a run with the senior's pre Christmas. Our numbers improved quickly once January was over, along with half a dozen Under 16's joining in on our sessions – this was just great to see.

Just the one practice match against Belgrave South was enough to sort out any of the questions I may have had about the group before Round 1.

Our leadership group for season 2017 is:

Co-Captains **Braden Wood**
Brad Pepi
Vice-Captain **Josh Webb**
Deputy Vice-Captain **Kealy Jordan-Hill**

Round 1 was played on home soil, blue skies, new amazing facilities and nearly a full list. It was a terrific way to start the season....all we needed was a win.

Unfortunately, Monbulk lacked numbers, we only had Mitch Thomas in the seniors, so our numbers were healthy. We had three under 16's playing up in their first game for the Senior Club. Our game was played in good spirits with plenty of positives, ball movement was good, work rate high, backs strong and disciplined, mids creative and forwards lead strong and worked both ways. A comfortable win was the result.

SCOREBOARD

Emerald	22.12	(144)
Gembrook	1.2	(8)

Round 2 - Away

Under 18's Gembrook v Emerald

Some late changes to our side did not affect the balance greatly with a 6 goal quarter to start the game. We could now see from the coaches' box that the processes at training is starting to be put into place on game day. A lot of hard work to go and some quality opposition in the coming weeks will establish where our side is at.

Congrats to Dan Edwards on winning the "Jason Breakwell" medal. This was such a special day to both teams. Many individual efforts today that show positive signs.

Well done boys!!

Paul, Danny, Damo & Karen

Go Bombers!!

VETRANS Emerald v Croydon Nth

Round 1&2 Mt Evelyn v Emerald

Round 1

In a tough first exchange an undermanned vets unit took to the field with 17 players in our first under lights night game at Chandler Reserve straight after the seniors.

After a tough first quarter the bombers held their own and won the 2nd quarter. Although the side battled hard to get a competitive score on the board the Croydon Nth unit finished strongly in wet and windy conditions.

Congratulations to all of the new players for donning the Red & Black jumper for the first time.

Emerald	4.3	(27)
Croydon Nth	10.7	(67)

Round 2

In ideal conditions at Mt Evelyn, it was another dour outing with the Bombers vets again taking the field short-handed against a quality opposition.

Mt Evelyn got off to a good start in the first quarter, but the Bombers showed terrific heart in the second to slow Mt Evelyn's momentum and get a couple of hard-fought goals.

Unfortunately superior numbers won the day with Mt Evelyn making the most of the conditions to storm home in the second half.

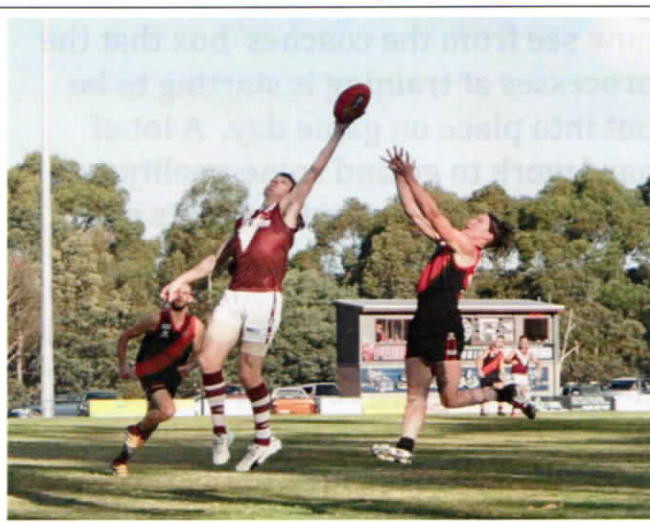

Well done to all for maintaining the effort and battling on regardless of the end result.

Veterans
Head Coach
Blair Newsom

Round 2

Past Player Profile

Where are they today?

Professor Blair Kuys | PhD

Chair, Interior Architecture and Industrial Design
School of Design | Faculty of Health, Arts and Design
Swinburne University of Technology

Blair wanted to pursue a career in design ever since his grade 3 teacher (and Emerald footy great) Terry Simpson told him he had very neat handwriting and should be a designer. That was exactly 30 years ago and now Blair is in charge of the entire 3D design program at Swinburne University of Technology – A university with one of the strongest reputations in design education in the world ranking 32 out of approximately 8,500 design schools globally.

After finishing year 12 at Emerald Secondary College in 1996 Blair did a Diploma of Design at RMIT and then studied a Bachelor of Industrial Design at Swinburne University of Technology. During the first few years of the Bachelor Blair was more interested in playing footy than going to uni and at the time was captain of the Emerald seniors. It's fair to say more time was spent at Chandler Reserve than at Swinburne and while Blair continued to pass his subjects he was content on 'going through the motions' rather than excelling at what he was doing.

He then received a letter from the university offering an exchange position at Hong-Ik University. It came with a \$5,000 scholarship to study one semester overseas so rather than look at the university Blair just thought about having an extra \$5,000 so he pursued this opportunity. Being a naïve Aussie who had never left Australia, Blair read the word 'Hong' in Hong-Ik University and naturally presumed he was going to Hong Kong. In 4-weeks he had to get a passport and a Visa for Hong Kong which he did, only to realise that when going to the travel agency for his flights that Hong-Ik was in fact a University in South Korea. That came as a huge shock having thought for the past 4-weeks that he was going to Hong Kong. Blair then had 1-week before departure to get a Visa for Korea – A country he knew nothing about. After paying a premium to fast track his Visa and having nothing prepared to spend the next 6-months overseas Blair was all of a sudden in Seoul, South Korea wondering where the hell he was while desperately searching the world's 4th largest city for anyone who could speak English.

Isolated by the language barrier, he spent months obsessively drawing the objects around him, noticing details he'd never before been aware of – how they were put together and how their form responded to their function. His time overseas also taught him to communicate with people outside his own circle of familiarity – a skill that he says is essential for product and industrial designers to explain processes and specifications to those who will help produce the product. As an industrial designer you're working as part of an interdisciplinary team, and that means you need to be able to talk to engineers and scientists and also to manufacturers and to tradespeople. Blair's stint in South Korea also gave him an abiding interest in the global context of design. He believes the transfer of ideas and technologies between professionals around the world underpins innovation.

However, the greatest skill is being able to listen and relate to everyone regardless of his or her background. The many years playing footy at Emerald certainly helped develop these skills as the footy club brings so many different people together with the common passion for footy – something everyone can relate to.

Blair then returned to Australia in June 2002 with a much stronger work ethic and advanced skills that completely changed his focus. On the back of this change in attitude Blair was accepted into the Honors program and graduated with a High-Distinction average awarding him First Class Honors in Industrial Design. This was then converted directly into a PhD scholarship which Blair completed in 2010. Blair's PhD was working in collaboration with the CSIRO to find new products that utilised the advancements in material science. This has generated significant interest and a large proportion of Blair's work today is about helping Australian companies be more innovative to compete on a global scale. He has been awarded over \$5 million in industry-linked research, which is used to keep jobs in Australian manufacturing.

Blair's current role is Department Chair of Interior Architecture, Industrial Design and Product Design Engineering at Swinburne University of Technology. He is Head of all 3D design disciplines in the School of Design and was recently promoted to a full professor. He is the only full professor in the School of Design and at the age of 37 is the youngest person ever to be awarded this prestigious title.

In 2007 Blair returned to South Korea to courageously propose to his Korean classmate who he kept in contact with since leaving Korea in 2002. He did this without ever kissing her or holding her hand and thankfully for Blair she said yes. In April this year they will celebrate their 10-year wedding anniversary and have two beautiful girls aged 5 and 8. Since Blair's first overseas trip to South Korea in 2002, he has now had to privilege to travel to 30 different countries, which makes him always appreciate coming home to Australia. He has seen some amazing cities in bizarre countries such as North Korea, Colombia, Papua New Guinea and India, and in 2012 he finally went to Hong Kong – 10 years after he thought he would be there.

On behalf of everyone involved with the Emerald Football Netball Club we congratulate Blair on his career achievements to date and his recent promotion being awarded the status and title of full Professor.

We done Blair we as a club are proud to call you one of ours!

Regards,

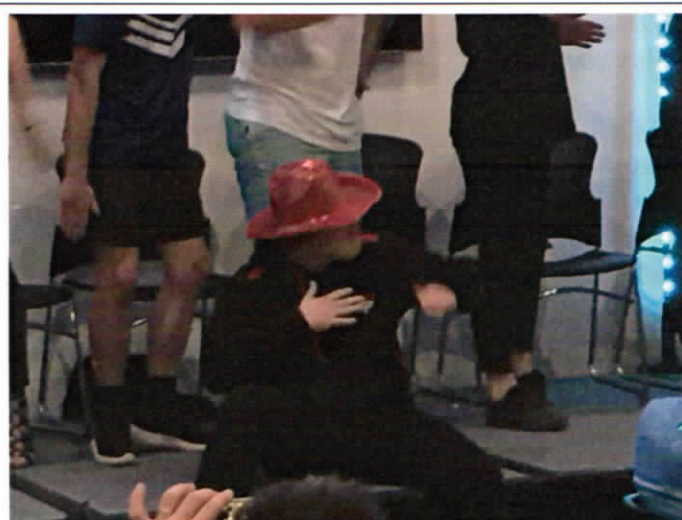

Emerald Football Netball Club
