“Juiced Up”

MINNOW 1034

Juiced up is a gorgeous custom built glass hulled Minnow with bespoke timber decks & fitout. Will suit an intermediate level sailor or Green Group graduate looking for that next step up into fleet racing.

2 sails, anodised mast & boom, custom SS beach trolley and mast up cover complete the package. Sporting the odd cosmetic blemish (but nothing that will impede performance) Juiced Up was built to optimum hull shape & still carries lead correctors to reach minimum weight. 2017 Australian Novice Champion.

\$2,250 – located Mornington Peninsula
