Dear Members,

The Board acknowledges and empathises that recent times have been very challenging and frustrating indeed and we all look forward to getting back to normal.

We remind everyone involved with the Association that Board members are volunteers and as such do not work full time for Moss Vale Basketball Association and often commit all their free time to their roles.

We remind members there is a process for Board meetings and communication with (and within) the Association and remind you of the need for appropriate behaviour and the need to allow time for this process to occur.

We also reinforce that there will be no tolerance for rude or abusive behaviour to any members of the Board, its representatives or staff and remind members that any behaviour of this type will be dealt with in accordance with the Constitution.

Regards,

Nigel Browne
Chairman MVDBAI
For and on behalf of The Board
