

The Hon. Sec.
University Football Team.

Herewith is what you have asked for. I think that it is rather better than the revue I did some ten years or so ago and which has become lost in your system!

But please do not get this one lost and ask me to do it again in another ten years. I was born in 1915 and I will certainly be completely "ga-ga" in 2005 if I am still in the land of the living!!!!

Please note that I have NOT kept a copy so that you would be wise to get a few run off and spread them round so that one will survive.
