

SEASON 2 COVID RESTRICTIONS UPDATE

Albury Basketball Association are currently working on a “Return to Basketball” over the coming weeks.

With NSW Public Health Orders still not allowing for “Community Sport” we are hoping to have a CovidSafe Return Plan in place for Season 2 to resume in November.

Please note that Season 2 may look a little different to Season 1. In order to have players back on the court, restrictions will be even tighter to ensure that we follow the Guidelines stipulated by the NSW Government. We all have a part to play in keeping Community Sport Covid Safe.

One of the key points to remember is there may be some limitations regarding vaccination requirements for ALL participants aged 16 and over.

Once NSW Government restrictions become a little clearer regarding Community Sport reopening, along with the guidelines required from the Albury City Council for the LJSC Facility itself, we will release more detailed information on the resumption of our Domestic Competitions.

We ask you to please continue to be patient as we continue to plan the way forward.
