DISCOUNTED PROFESSIONAL MOUTHGUARDS

Willeri Dental has sponsored the Willetton Tigers for another season!

As a bonus we are providing players with discounted professional mouthguards.

Why get a professional mouthguard?

- The risk of injuring teeth is significantly decreased. With poorly fitting chemist bought mouthguards, there is little protection offered. As a result, injuries to the face could cause permanent tooth damage, which ends up costing thousands more to fix.

Where: Willeri Dental - 6/2 Madeira Road, Parkwood

Mouthguard pick-up & fitting will be 1-2 weeks after impression appointment at Willeri Dental.

Cost: \$130 - private health fund rebate available
