

2021 National Championships Results

Readers - please note that timing for the Championships was operated under World Athletics Rule TR19.17 which permits the use of a manual start with a photo finish system. Since times are recorded to the nearest tenth of a second and not the nearest hundredth, times are considered manual.

In essence what happened was that the mechanism that gives us a fully automatic start was not available and races were started by hand. However the use of photo finish gives us consistency with the finish and a high level of accuracy with placings.
