

GIPPSLAND FC

Skills Acquisition Program (SAP)

Gippsland FC is a development sporting club delivering football programs for boys & girls across the Gippsland region. Our programs aim to provide a holistic approach to football, whilst fostering talented players and coaches in an all-inclusive environment.

Currently the club offers a number of programs and opportunities for players across Gippsland including: Girls Development Program and Junior/Youth Boys National Premier League competitions.

Gippsland FC strongly support and encourage equality in sport and, with the Women's World Cup due to be held in Australia / New Zealand in 2023, we feel it is the opportune time to further invest in female talent and develop pathways for girls from right across Gippsland.

A key aspect of the Football Federation Australia National Curriculum is the implementation of a Skill Acquisition Program (SAP) to perfect and accelerate the skill development of identified players at the critical ages of 9 to 12. This is the age group universally acknowledged to be the optimal mental and physical phase that allows children to learn motor skills.
